## TERMS AND CONDITIONS OF SALE:

We make no warranties, express or implied, and disclaims all other warranties, including without limitation implied warranties of merchantability, fitness for a particular purpose and conformity to models or samples. Some states do not allow limitations on implied warranties so these limitations may not apply to you. The only warranties applying to products sold are those, if any, specifically provided by the manufacturer to be honored by the manufacturer. Manufacturers' warranties for exported products may vary or may be null and void for products exported outside the United States. In no event, shall we or any of our suppliers be liable for any indirect, special, incidental or consequential damages including but not limited to loss of use, loss of data, loss of business or profits. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

All product prices, specifications and availability are subject to change without notice. We are not responsible for errors in typography and photography. Because of continuing improvements, actual product may differ slightly from photo. Photograph images may have been retouched.

You agree that you will not divert, use, export or re-export the products contrary to United States law. You expressly acknowledge and agree that you will not export, re-export, or provide the products to any entity or person within any country that is subject to United States economic sanctions imposing comprehensive embargoes without obtaining prior authorization from the United States Government. You also expressly acknowledge and agree that you will not export, re-export, or provide the products to entities and persons that are ineligible under United States law to receive such items, including but not limited to, any person or entity on the United States Treasury Department's list of Specially Designated Nationals or on the United States Commerce Department's Denied Persons List, Entity List, or Unverified List. Extended Service Plan is not available in Canada.

# PREMIUM STACKING BINS

These **PREMIUM BINS** can be compared feature for feature to the nationally branded bins. Reinforced walls add strength and rigidity and wide top ledge permits stable, higher stacking. Constructed of FDA approved water and corrosion proof polypropylene, to withstand freezers and autoclaves from -40°F to 250°F. Includes a full-width hanger lip, for use with louvers below. Anti-slide stop prevents shifting when stacked. Slotted label holders for easy identification. **Specify color suffix when ordering bins: Blue (BL), Yellow (YL), Red (RD), Beige (BG), Green (GN) or Black (BK).**

Super-size AKROBINS® available in Blue, Yellow, and Red. Not recommended to hang on rack or panel systems.

Akrobins® are made from polypropylene and can hang or stack. Features include extra wide stacking ledge, finger grips for easy handling, anti-slide stops, and reinforcing ribs. Large label slot. Autoclavable to 250°F temperatures. Clear Lids protect contents from dust and damage. Black Dividers allow organization and separation of parts. Specify color suffix when ordering bins: Blue (BL), Red (RD), Yellow (YL), Beige (BG), Black (BK), Green (GN), or Clear (CL). Model SC239863 is not available in Clear. Sold in carton quantities.

† SC239865 is sold in packages of 7

**STACKING BINS**

High-quality, hard-wearing polypropylene bins are designed to last and provide value. Hopper front permits easy viewing and parts retrieval. Molded to stack safely, provide ample label area, and securely hold optional dividers. Industry standard sizes fit most shelving and louver systems. Bins sold in carton qty. Dividers sold 6 per package in black only. Add color suffix: Blue (BL), Yellow (YL), or Red (RD).

# STEEL SHELVING

## Complete with Shelf Bins

These shelf and bin combinations store, sort and organize small parts and components conveniently. The quality, break-resistant polypropylene shelf bins are designed with a generous label area, finger grips for easy handling, and reinforced ribs for strength. Steel shelves have anti-sway bracing, simple assembly and are finished in durable gray enamel. Specify bin color suffix: Blue (BL), Red (RD), Yellow (YL), Green (GN) or White (WH).

# STACKABLE WIRE BIN STORAGE

Interlocking modular bins organize, store and transport material in warehouse, production and assembly areas. Position bins side by side or back to back. Stacked up to 7 high. Open mesh permits quick inventory control. Industrial grade rust and corrosion-resistant welded .283 diameter wire frame, with .105 diameter cross wire construction for ultimate strength and rigidity. Maintenance free triple plated chrome finish. Optional dividers create a variety of compartment sizes. Assembles easily.

# CHROME WIRE CARTS

SC269027

Easily slide bins in and out for access and storage. Slides are height adjustable at 1" increments. Dividable bins allow multiple configurations within each bin, and are made of high-density FDA approved polyethylene that resists most solvents and chemicals. 1,200 lb. capacity. Top and bottom chrome wire shelves feature truss perimeter for extra strength while allowing light, air and sprinkler penetration. Moves easily on four 5" polyurethane swivel casters (2 with brakes). Easy assembly. Add suffix: Blue (BL), Gray (GY) or Red (RD) for bin color.

# LOCKING BIN CABINET

- High-Volume Storage
- Organize Parts
- Prevent Theft

Store and organize while protecting against theft, loss, dust and dirt. Molded, high impact, break resistant yellow polypropylene plastic bins have large hopper front for easy access and quick identification of contents. Bins store conveniently on 230 lb. adjustable steel shelves. Reinforced doors open a full 180° for complete access and feature a three-point locking system for reliable protection. Durable powder coat finish resists chipping and scratching.

# DIVIDABLE GRID CONTAINERS

Heavy-Duty Dividable Grid Containers can be used in industrial, commercial, electronic, and health care industries for storage, assembly, fabrication, and distribution applications. These containers offer the safest and most efficient method of compartmentalizing and protecting all kinds of small to medium size parts allowing you to customize the container interior for your exact needs. Molded-in stacking ridge assures containers will **stack securely with or without covers**. Containers are designed to maximize space in storage and transportation. Compatible with most racks, shelving, and automated material handling equipment. Stacking rims and multi-ribbed external sides provide high impact strength. Large, smooth surface area on all four sides for content identification. Optional **clear, plastic label holder** attaches securely with Velcro® brand fasteners to any size container (available in 3 sizes). Containers can be divided by length and/or width allowing subdivision down to a 1 1/8" square compartment size. **STANDARD GRID CONTAINERS** are available in 9 sizes and 3 colors: Blue, Gray, and Red. **Injection molded from high density FDA approved polyethylene** which resists most solvents and chemicals. Snap on clear or same colored covers protect content from damage or dust in shipping and storage. \*Add Color Suffix: Blue (BL), Gray (GY), or Red (RD). Containers and Covers sold in carton quantities. Dividers are gray. Dividers and Label Holders sold in packages of 6.

**Dividable to 1 1/8" Square Available in Standard or Conductive.**

## Stacks 5 High

**SC800110GJ SHOWN WITH OPTIONAL HOPPER FRONT**

**SC800106GYM SHOWN WITH OPTIONAL DROP GATE**

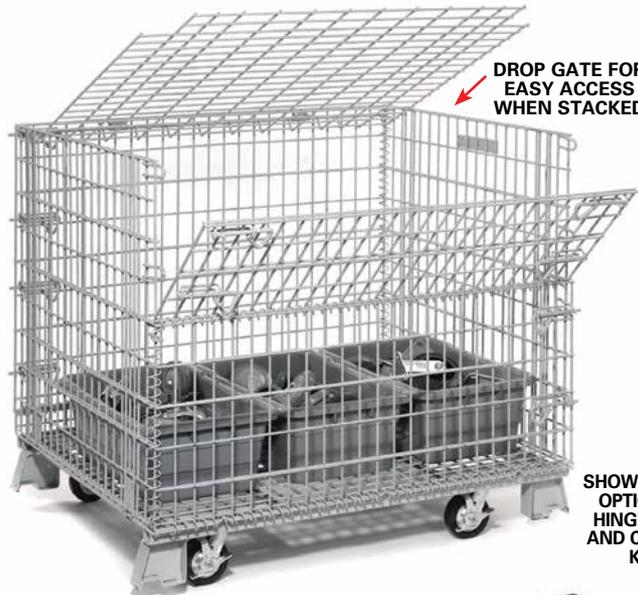

## HOPPER FRONT/DROP GATE OPTION

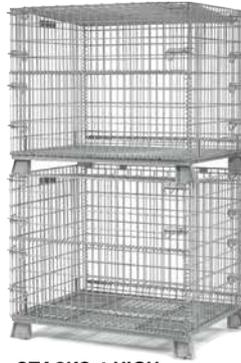

Available on 24"H x 35", 42" or 48"W containers only. If container has 2 sides with these widths, specify the side on which opening is desired. Otherwise, opening will be placed on longest side by default. To order: First add a color suffix. Second add the door type suffix from below, choosing the compatible side type (solid or mesh) to match the container desired. Be sure to add the option price, as well. Example: Model 800116GYM is a Gray, solid wall container with the door located on the 48"W side.

	Door Suffix	Model	Price
<b>Hopper Front (Solid Only)</b>	J	SC800110GJ	\$60.00
<b>Drop Gate</b>			
Solid Wall	M	SC800106GYM	40.00
Wire Mesh	S		55.00

# FOLDING WIRE CONTAINER Sets Up in Seconds, Folds Flat to Save Space and Shipping Costs

**DROP GATE FOR EASY ACCESS WHEN STACKED**

**STACKS 4 HIGH**

These one piece containers are made from strong, arc welded wire mesh with heavily reinforced corners and a channel-formed steel base. The open mesh allows excellent visibility of contents and inventory control with minimal dust build up. Sets up and folds in seconds for valuable time and space savings. Notched legs interlock for positive stacking and permit forklift or pallet truck entry. Drop gate allows access when stacked. Container with Hinged Lid is padlockable for security. Mobilize your container with the optional Caster Kit.

**FOLDS FOR COMPACT STORAGE**

**SHOWN WITH OPTIONAL HINGED LID AND CASTER KIT**

**NYLON COVER** keeps contents hidden, secure, and dust free. Made of water resistant 400 denier nylon with reinforced corners and double stitching for added durability. Flip front door panel with hook and loop tape to attach cover to container.

**NYLON COVER**

**Nexel® Green Epoxy Wire Shelving Provides An Attractive Finish That's Guaranteed To Last!** The Green Epoxy finish is so tough that we offer a 15 Year Limited Warranty against rust and corrosion. It features Nexgard, an anti microbial agent that protects the coating from growth of bacteria, mildew and molds. Shelving is perfect for retail display and can also handle extreme temperatures and moisture making it ideal for dry storage, coolers and freezers. Open wire design minimizes dust and maximizes ventilation and visibility. The easy-slide shelf surface makes loading and unloading a snap. Wire shelves adjust at 1" increments. Available in 63" and 74" heights. **Starter Unit** includes 4 posts with leveling feet, 4 wire shelves and plastic snap on sleeves to secure shelves. **Add-On Unit** includes 2 posts with leveling feet, 4 wire shelves, plastic snap on sleeves and S-hooks to join units.

# NEXELON WIRE SHELVING NOW WITH NEXGARD - ANTI-MICROBIAL AGENT FIGHTS AGAINST BACTERIA GROWTH!

Global's premium quality, exclusive NEXELON finished shelves are ideal for any environment, wet or dry, hot or cold; and are wear, impact, and chemical resistant. And now they include Nexgard, an anti microbial agent that fights bacteria and mildew growth as well. Units assemble easily and shelves adjust at 1" increments without tools on numbered posts for quick alignment. **Starter Unit** includes 4 posts with leveling feet, 4 shelves, and snap-on sleeves to secure shelves to posts. **Add-On Unit** includes 2 posts with leveling feet, 4 shelves, snap-on sleeves, and 8 S-hooks. Also available: Individual Shelves to customize your storage (includes snap-on sleeves) and **Shelf Truck** models roll easily on 4 polymer swivel casters, 2 with dual lock (swivel and wheel), 1,200 lb. capacity.

**Limited Lifetime Warranty Against Corrosion Perfect for Food Services, Wet Storage and More**

OPTIONAL LEDGES

**STARTER UNIT**  
4 posts, 4 shelves and snap sleeves that secure shelf to post.

EXCELLENT VENTILATION

**ADD-ON UNIT**  
2 posts, 4 shelves, snap sleeves and 8 "S" shelf hooks.

MAXIMUM VISIBILITY

## QUICK ADJUST WIRE SHELVING

**CHROME FINISH CHROME**  
**NICKEL**  
**CARBON STEEL**

Our unique patented quick adjust suspension hooks allow middle shelves to be adjusted, added, or removed without disassembly or tools. Shelves simply lift off hooks and replace in seconds. Wire shelving benefits include minimal dust accumulation, excellent visibility and light, and sprinkler and air penetration. Unit includes 4 posts. 2 fixed 600 or 800 lb. capacity shelves for top and bottom levels, 2 quick adjust 400 lb. capacity shelves, and 8 suspension hooks. All shelves adjust at 1" increments. Genuine chrome plated finish. Adjust in an Instant!

# POLY-Z-BRITE WIRE SHELVING

*The Look of Chrome with Excellent Temperature and Moisture Resistance*

NOW WITH NEXGARD – ANTI-MICROBIAL AGENT  
FIGHTS AGAINST BACTERIA GROWTH!

## Perfect for Coolers and Freezers

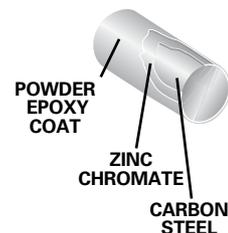

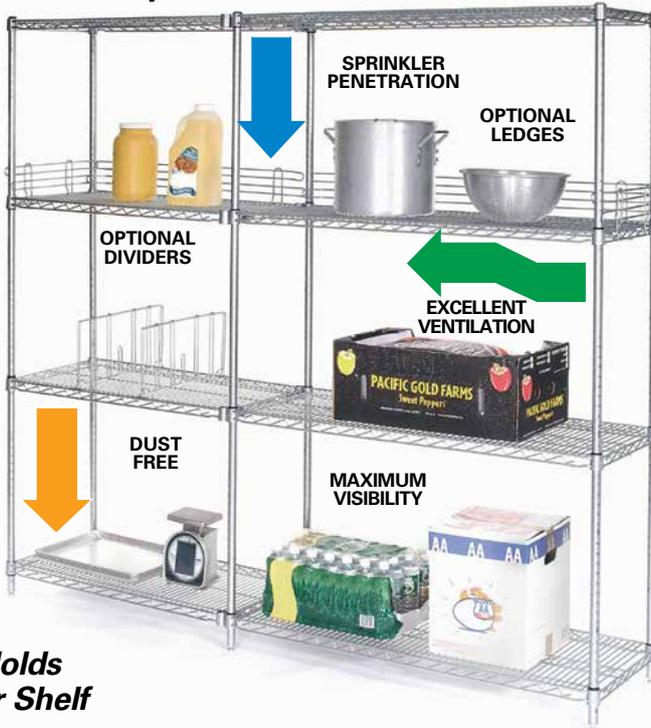

Nexel Poly-Z-Brite Wire Shelving. Attractive finish that's guaranteed to last! The Poly-Z-Brite finish of these wire shelves is so tough that we offer a **15 Year Limited Warranty** against rust and corrosion. It combines the attractive look of chrome with a rugged electroplated zinc-chromate epoxy finish, making it perfect for any storage needs including retail display. Open wire design minimizes dust accumulation and maximizes ventilation and visibility. The easy-slide shelf surface makes loading and unloading a snap. Shelves adjust quickly and easily at 1" increments on snap-on sleeves. Easy, tool-free assembly.

**Starter Unit** includes 4 posts, 4 shelves and snap-on sleeves to secure shelves.

**Add-On Unit** includes 2 posts, 4 shelves, snap-on sleeves and hooks to join shelves and allows U, T and L shaped configurations.

Shelves up to 42"W have an 800 lb. capacity. Shelves 48"W or more have a 600 lb. capacity per shelf. Easy assembly and adjustment.

# STAINLESS STEEL WIRE SHELVING

*Limited Lifetime Warranty*

**STAINLESS STEEL**

These shelf units are constructed to stand the test of time. Stainless steel wire shelving allows for air circulation and functions well in environments with temperature fluctuations. Shelves adjust at 1" increments on numbered posts. Smooth, attractive, electro polished finish over stainless steel provides extra-long life. Stainless Steel handles all moisture and temperature extremes. It resists rust and corrosion and is ideal for any storage requirements. **SHELVING STARTER UNITS** contain four posts, four shelves and snap sleeves that attach shelf to post. **ADD-ON UNITS** consist of two posts, four shelves, snap sleeves and eight "S" attachment hooks. Shelves have up to 800 lb. capacity depending on shelf width. Easy assembly. Limited Lifetime Warranty against rust. For **Shelf Truck** add suffix "A" to starter model. For casters with wheel brake add "AB".

# HEAVY DUTY WIRE DECK SHELVING

Up to  
1600 lb.  
capacity

NSF

Permits sprinkler, air and light penetration and minimizes dust accumulation. Includes 4 posts with leveling feet. Height adjustable shelves easily adjust without tools on numbered posts at 1" increments. Includes 4 shelves and snap-on sleeves. **Nexelon anti microbial powder epoxy finish fights growth of bacteria and molds** with a Limited Lifetime Warranty against corrosion. NSF approved.

# WALL MOUNT SHELVING

Wall Mount Adjustable Wire Shelving Units are ideal for storing products where floor space is limited. Great for kitchens, restaurants, labs, garages, or any secure wall area. Choose from one, two, three, or four level units. Each unit includes Mounting Posts, Brackets, Shelves, and Hardware in a durable bright chrome finish. Purchase a "Starter" unit and then attach as many "Add-On" units as needed.

# SPACE-TRAC HIGH DENSITY MOBILE STORAGE

Double your storage capacity using minimal space. Provide instant access to inventory while freeing floor space. Ideal for dry storage, coolers and walk-in freezers. Utilizes 2 stationary shelving units (one for each end) connected with an overhead track to allow mobile shelving units in between to smoothly shift side-to-side. **Includes two 12'L stainless steel tracks.** Each shelving unit includes 4 height adjustable shelves at 1" increments. Open wire shelves allow air, light and sprinkler penetration while minimizing dust accumulation. Each **Mobile Unit** includes (4) 5" polyurethane casters. **Chrome** features an electro-plated nickel-chrome finish for a brilliant high gloss. **Poly-Z-Brite™** offers a 10-year limited warranty against rust. Powder-epoxy over zinc-chromate electroplating resembles the look of chrome, but handles extreme temperatures and moisture. Assembly required.

# ADJUSTABLE BIN PICK RACK & TRUCK

High visibility and quick retrieval make parts picking and inventory control easy. Attractive enough for merchandise display, yet durable enough for warehouse. Chrome plated wire construction reduces dust accumulation and allows air to circulate. **Bins have a 125 lb. capacity each and can be angled up, down, flat or any combination.** 600 to 800 lb. capacity wire shelves on top and bottom for added storage. **Mobile rack has 800 lb. capacity.** Add 6" for overall height with casters. 5" poly wheel stem casters (2 locking). **Easy assembly.**

## 3 WAYS TO ASSEMBLE: BINS ADJUST IN 1" HEIGHT AND ANGLE.

**Angled down:**  
Flows parts to front. Provides maximum accessibility.

**Flat:**  
Provides maximum space efficiency.

**Angled up:**  
Provides maximum bin capacity.

**STEM CASTER W/BRAKE**

## WINE BOTTLE WIRE RACKS

Wine Bottle Racks are an attractive and safe way to display and store wine bottles. Each bottle is securely cradled by heavy gauge wire to prevent movement. Adjustable shelves allow storage of many different sizes of bottles. Our open wire construction permits air to circulate around the bottles for an even temperature. The 36" wide shelves accommodate 9 bottles and the 48" wide shelves accommodate 13 bottles. Posts include bottom Leveling Feet and top Post Caps. The electroplated nickel-chrome finish is durable, chip resistant and attractive for use in retail display.

## BOLTLESS HEAVY DUTY SHELVING

**4000 lb. Capacity per Shelf**

Extra strength boltless shelving units withstand dies, fixtures, jigs and other heavy material. Made using heavy duty steel with a powder coat finish. 16 gauge steel shelves are reinforced with 14 gauge double rivet steel beams for maximum strength. Includes 5 height adjustable shelves that adjust at 1 1/2" increments. 14-gauge formed angle uprights provide strength and rigidity. Boltless shelving is easy to assemble without the use of nuts, bolts or tools.

## "BUILD YOUR OWN" EXTRA HIGH STEEL SHELVING

Customize to your storage needs. Order a minimum of 2 side by side shelving units for stability. Start with 2 upright assemblies, rear sway braces for stability and desired amount of shelves for storage. Add 1 additional upright assembly; add sway braces and shelves for each shelving unit until overall desired width is met. Epoxy coat sand finish. **Upright Assembly** includes two 16 gauge steel posts with 18 gauge anti-sway side braces. Uprights greater than 8'H include 2 anti-sway braces. Allows shelf height adjustments at 2" increments. 18 gauge **Rear Sway Braces** are riveted together in center for added rigidity. **2 or more pairs of rear braces are required for units over 8'H.** 22 gauge welded **Steel Shelves** offer 500 lb. capacity and are box formed for added strength. Choose **Plain shelves** with a solid surface or **Perforated shelves** to allow light, air and sprinkler penetration.

# HEAVY DUTY 18 & 20 GAUGE INDUSTRIAL STEEL SHELVING

*At Discount Prices*

- X-Shaped Anti-Sway Braces Increase Rigidity And Provide More Support On Uneven Floors Than Regular Lateral Braces
- Braces Cover Perimeter Of Rack Instead Of Aligning At Just One Point

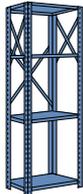

Customized to your special needs at no extra cost, heavy duty steel shelving units have been engineered to adapt to your storage requirements. Ideal for stockroom, factory or office where extra storage space is needed. Roll-formed steel ribbed shelves with integral box beam reinforced front and rear edges for greater load capacity. Shelves are easily adjustable on 1" centers. Rib-reinforced 14 gauge 1" x 2" steel posts. Phosphatized to prevent corrosion, give maximum paint adhesion. Finished in long lasting gray baked-on enamel.

EXTRA HEAVY-DUTY  
SC601894

## Configured for Easy Ordering

Provides easy access to stored items from all sides. Super-strong roll formed steel framing with positive interlocking beam and post connection. 2 1/4" x 1 1/2" x 14 gauge uprights. All units include double rivet top and bottom beams for added rigidity. **Heavy-Duty Model** has single rivet cross and front to back beams on intermediate levels. **Extra Heavy-Duty Model** has double rivet beams on all levels. Available with rugged 5/8" particle wood or high quality wire decking with epoxy finish. Beams that adjust vertically on 1 1/2" increments support both shelf types. Choose the size and load capacities that match your needs. Easily reconfigure unit as your requirements change. Fast, easy assembly in less than half the time of conventional shelving. No tools, nuts, bolts, clips or cutting required. Durable gray baked enamel.

# COMPARE OUR STEEL SHELVES TO "BARGAIN DEPOT'S"!

Global's quality and price come out on top. In our latest product test, we compared our best-selling Global Boltless Steel Shelving to Home Depot's. Our product was the overwhelming winner on quality, capacity and weight. Our load capacity test proved that our **Extra Heavy-Duty** shelves held over **1,500 lbs.** while

theirs failed at only **760 lbs.** Our quality  $\frac{5}{8}$ " thick particle board decking withstood twice the load versus their lighter weight  $\frac{1}{2}$ " wood decking. For added strength, Global's sturdy, 14 gauge uprights are made of one continuous piece of roll-formed steel versus their two-piece clipped together construction. Our unit weighed 84.5 lbs., their unit weighed only 48.5 lbs.

# BOLTLESS WIDE SPAN STORAGE RACK

*With or Without  
Wood Decking*

*Low Cost  
Super Strong*

This economical wide span rack gives you extra space for bulky materials. Boltless assembly with snap together components requires no nuts, bolts, clips or tools. Uprights are a substantial 1 1/2" x 2 1/4" x 14 gauge steel. Unit includes 3 shelves, adjustable at 1/2" increments. Heavy-duty roll-formed steel framing with chip resistant gray baked enamel finish. All models have double riveted horizontal beams for maximum frame rigidity. Choose shelving without decking (supply your own) or sturdy 5/8" thick precut particleboard decking. For rack with wire or laminate decking, see page 69.

**FOR ADDED STRENGTH:**

60"W and 72"W models include 1 center deck support per shelf.

96"W models include 3 center deck supports per shelf.

96"W models with 1100 lb. capacity include extra heavy duty C-channel beams and 3 center deck supports per shelf.

**ONLY 2 BASIC  
COMPONENTS:  
UPRIGHTS  
AND BEAMS**

**DOUBLE RIVET  
EASY LOCK-IN  
ASSEMBLY**

**3 SHELVES PER UNIT**

**ADDITIONAL CENTER  
DECK SUPPORTS**

Increases shelf capacity by 20%. 48", 60" and 72"W beams accept 1 support per level; 96"L accept up to 3.

# BOLTLESS EXPANDABLE BULK STORAGE RACK

*Quick & Cost effective way to Create Rows & Aisles*

Extremely durable and dependable, these racks assemble and expand easily and allow access from all sides. Boltless design snaps together securely without tools or hardware. Add-On Units include 2 T-posts that join units with more stability and less construction than bolting together 2 starter units. Roll formed 14 gauge steel uprights ensure rigidity. Levels adjust at 1 1/2" increments without disassembly. Scratch resistant enamel finish. **Specify color suffix: Gray (GY) or Tan (TN).**

- 96"W models with 800 lb. capacity include three center deck supports per level.
- 96"W models with 1100 lb. capacity include extra heavy duty C-channel beams and three center deck supports per level.

KEYHOLE SHAPE MAKES ASSEMBLY QUICK AND EASY.

STARTER UNIT

ADD-ON UNIT

**STARTER UNIT** includes 4 upright angle posts and 3 sets of horizontal beams. Select your own decking.

**ADD-ON UNIT** includes 2 upright T-posts and 3 sets of horizontal beams. Select your own decking.

**Choose the Decking that suits your needs:**

**No decking** - Economical - supply your own

**Wood decking** - Low cost, precut 5/8" thick particleboard

**Wire decking** - Allows visibility and light, air and sprinkler penetration (reducing insurance premiums). Epoxy finish.

GRAY (GY) TAN (TN)

# BOLTLESS WIDE SPAN STORAGE RACK

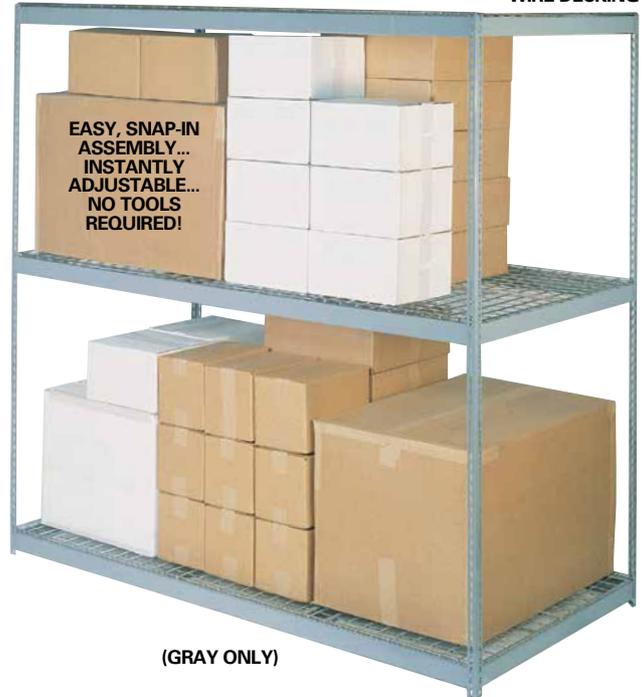

WITH WIRE OR LAMINATE DECKING Up to 1200 lb. shelf capacity

LAMINATE DECKING

(GRAY OR TAN)

WIRE DECKING

(GRAY ONLY)

SEE PAGE 31 FOR COMPONENTS

No nuts, bolts, clips or tools for assembly. Includes 3 shelves, adjustable at 1/2" increments. Heavy-duty roll-formed steel framing with chip resistant baked enamel finish. Uprights are 1 1/2" x 2 1/4" x 14 gauge steel. All models have double riveted horizontal beams for maximum frame rigidity. Choose shelving with epoxy finish **wire decking** that allows ventilation, visibility, and light and sprinkler penetration (reducing insurance premiums). Or

choose 1/2" thick particleboard decking covered in **white laminate**. Specify **rack color suffix for laminate only: Gray (GY) or Tan (TN)**. For rack without decking or with particle board decking, see page 66. For added strength: **60"W and 72"W models include 1 center deck support per shelf. 96"W models with 800 lb. capacity include 3 center deck supports per shelf. 96"W include extra heavy duty C-channel beams and 3 center deck supports per shelf.**

## RECORD STORAGE CENTER

Rugged 200 test corrugated **TRANSFER FILE** with double-thick front/back walls keeps records protected and neatly organized... keeps out dust and dirt. Large printed label area for quick identification of contents and hand holes for easy handling. Boxes store securely on rugged 5/8" thick particleboard decks. Heavy gauge steel rack assembles without tools. Choose durable gray or tan baked enamel finish. 15"D units store one row of boxes, 30"D allow double row storage or access from 2 sides.

# HEAVY LOAD RECORD STORAGE CENTER

Boltless 12-gauge steel horizontal beams have 3-hook connectors to install easily without tools and adjust in seconds at 2" increments. Uprights are 14-gauge steel. Rack finished in gray powder coating. Rugged 200 test corrugated transfer file boxes protect and organize records with double-thick front and back walls, large label area and hand holes for easy lifting. Boxes fit securely on rugged 5/8" thick particleboard decks. **Starter Unit** includes 2 upright frames, 3 or 4 shelf levels. **Add-On Unit** includes 1 upright frame, 3 or 4 shelf levels. 18"D units store one row of boxes; 36"D store two rows with access from both sides and include 5 additional supports per level. Easy assembly.

# EXTRA HEAVY LOAD RECORD STORAGE

## Low Cost High Density Storage

Offers quick and easy, tool free assembly for all your document storage needs. Heavy duty one-piece, box formed 13 gauge steel uprights allow easy beam installation. 3 1/4" x 4 1/4" x 12 gauge welded base plates allow floor anchoring. Beams feature a positive 6-way locking action that automatically secures beam into place. Welded braces provide maximum rigidity and stability. Long lasting epoxy finish. Dust free wire mesh decking allows light and sprinkler penetration. Stores document boxes on front and back for two rows of storage and allows access from either side. Rack is available with 200 lb. test **Corrugated** or transparent high density **Polyethylene** boxes. Easy assembly.

# EXTRA HIGH CAPACITY BULK RACK

Best Value On The Market – Up to 3800 lbs. Per Shelf

## COMPARE OUR BULK RACK TO OTHERS

We've compared our 72"W x 36"D x 72"H bulk rack to the competition's and after thorough testing, **Our quality comes out on top once again!**

Our bulk rack weighed 31 lbs. heavier than the competition, giving it a more durable and stable construction. For added stability, our models include a welded base plate that allows floor anchoring. Our bulk racks include 4 built-in cross braces, giving our units added rigidity under high amounts of weight and pressure.

Our load capacity per shelf for this unit stands strong at **2750 lbs.**, while theirs stands at only **2000 lbs.** Shelf adjustments can be made easily on our unit at 2" increments while theirs offers 3".

Our .0615" deck supports offer greater capacity while theirs is half the gauge at .0335". Our bulk racks include safety pins for secure cross beam installation, and don't forget that our Z-beam designed cross beams allow **greater capacity, strength and rigidity.**

## THE DIFFERENCE

Our Racks Are Built Better. Here's Why:

### BEAMS

**THEIRS**  
TWO 1/2" HOOKS  
.068" THICK

**OURS**  
THREE LARGE 1" HOOKS FOR POSITIVE FIT .0785" THICK

### BEAMS

**THEIRS**  
3"H

**OURS**  
3 1/2"H

### UPRIGHTS

**THEIRS**  
BOX FORMED WITH 4 BENDS

**OURS**  
ROLL FORMED WITH 8 BENDS FOR EXTRA STRENGTH

## ADDITIONAL LEVELS

## HIGH CAPACITY Z-BEAM BOLTLESS RACK

Horizontal beams are roll-formed to a Z-profile for added shelf capacity. Decking sits flush to beams for neater appearance and stability. 2 1/4" x 1 1/2" x 14-gauge uprights. Boltless, interlocking beams assemble quickly, without tools. 3 levels adjust at 1 1/2" increments. Choose precut wood, long lasting steel or wire decking (which allows air and sprinkler penetration, reducing insurance premiums). Tan baked enamel finish. Starter Unit: 4 angle posts, 12 beams and decking. **Add-On Unit:** 2 T-posts, 12 beams and decking.

## TIRE RACK

**HEAVY DUTY TIRE RACK** Perfect for automobile through tractor trailer tires, the additional capacity of these racks comes from the formed horizontal Z-beams. **Up to 3800 lb. capacity per level.** Sturdy units attach to walls using 4 included brackets. Boltless design allows horizontal beams to install easily without tools and to adjust in seconds at 2" increments. Heavy-duty 12-gauge beams have 3 hooks at each end for positive connection. Uprights are 14-gauge steel measuring 1 3/4" x 1 3/4". 24" depth models include 5 deck supports per level. Gray powder coat finish. Easy assembly. Built for tires only. **Add-On Units** extend **Starter Units** to build runs of any length.

**SC613144**

**BOLTLESS TIRE RACK** Safely store and display automobile and light truck tires with this strong roll formed steel rack with positive interlocking beam and post connection. Construction includes 2 1/4" x 1 1/2" x 14 gauge uprights and double riveted horizontal beams that adjust vertically on 1 1/2" increments. Fast, easy assembly without tools, nuts or bolts. Durable gray baked enamel. **1500 lb. capacity per level.** 84"H units attach to walls using 4 included brackets. 120"H includes 6 brackets. Built for tires only. **Single Sided** racks attach to wall for access from one side. **Double Sided** racks are 2 units joined with tie beams in between and provide access from either side.

# TEARDROP PALLET RACK

## Premium Quality at a Low Price

Offers quick and easy, tool free assembly for all your pallet storage needs. Tear drop, snap-in locking slots ensure a secure and stable unit. Durable heavy 13 gauge steel one piece box-formed upright frame punched 2" on centers for maximum adjustability and 15 gauge beams for years of service. Positive six-way locking action; right to left; front to back; up/down. Locks automatically, snaps into place and secures beam, is visible for easy checking and fast adjustment. Welded braces provide maximum rigidity and stability. Epoxy finish. Step down beam design accommodates cross bars and decking. **Interchangeable with Teardrop styles of the following manufacturers:** Interlake, Kingway, Unarco, Steel King, USP, Wireway/Husky and Speed Rack. 3 1/4" x 4 1/4". 12 ga. base plate anchors upright to floor and distributes weight evenly.

### HOW TO SELECT PALLET RACK:

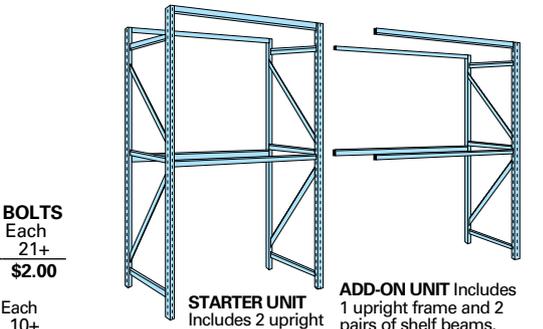

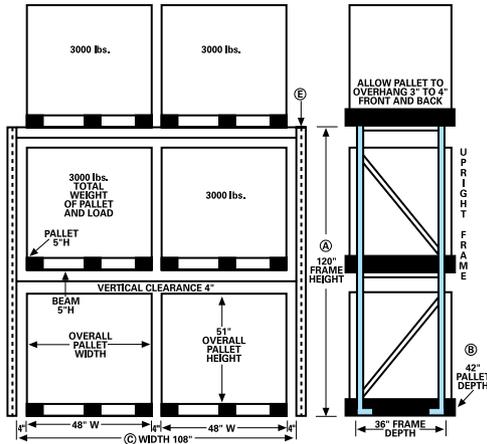

**A. Height:** Measure all verticals including height of pallet, pallet-load, beam, add an extra 4" to 8" clearance between top of load and bottom of beam above. Top beam should be a minimum of 6" less than the lifting height of forklift.

**B. Depth:** Measure depth of pallet. Pallet should overhang frame by 3" front and back. (eg.: 48" deep pallet, use 42" deep frame.)

**C. Width:** Measure width of pallet, add a minimum of 3" clearance pallet to frame and 4" between pallets to determine correct beam length. Each pair of beams must support weight of pallets per level.

**D. Frame Capacity:** Add total weight of all pallets for each bay (exclude pallets on floor.) This is your desired frame capacity.

**E.** A common frame should be used between each section.

Stud-and-keyhole connection gets tighter as the load increases to prevent accidental beam displacement, in addition to excellent structural integrity and compatibility with other major brands. **Interlock** connection seats automatically into the column, locking securely into place. No sliding parts, pins, or hardware. High strength 15 gauge **Beams** are notched for roll-in **Cross Bar**. 13 gauge steel **Welded Upright Frames** are punched on 2" centers for easy beam adjustment. Long lasting baked-on enamel finish. **STARTER UNIT**: Two upright frames and two pairs of beams. **ADD-ON UNIT**: One upright frame and two pairs of beams.

**TO SELECT UPRIGHT FRAME:**

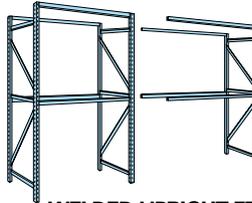

1. Determine total **WEIGHT** of all pallets for each pair of upright frames.
2. Add the **HEIGHT** of all pallet loads, beam height, and allow 4" to 8" clearance between top of load and bottom of beam above. Top beam should be a minimum of 6" less than the maximum height of your fork lift reach.
3. **FRAME DEPTH** is determined by length of pallet. Pallet should overhang frame by 3" front and back.

**TO SELECT LOAD BEAM:**

**BEAM WIDTH** is determined by adding a minimum of 10" to two pallet widths or 14" to three pallet widths. Additional spacing may be required for pallets with excessive load overhang. Ensure that each pair of beams is capable of supporting the weight of pallets per level.

**STARTER UNIT**  
Two upright frames and two pairs of beams.

**ADD-ON UNIT**  
One upright frame and two pairs of beams.

**FRAME GUARD.**  
Protects rack from impact damage. Height 24".

# HUSKY RACK & WIRE™

## TEARDROP PALLET RACK

### Increase Storage Space and Inventory Access

Assembles easily in minutes without tools. Constructed of high strength steel. Provides maximum space efficiency. Quality polyurethane corrosion resistant finish - green uprights, orange beams. Galvanized welded wire decking.

**Interchangeable** with Teardrop styles of the following manufacturers: Interlake (original and new styles), Steel King, Invincible®, USP, Speed Rack, Unarco.

#### HOW TO SELECT PALLET RACK:

- Height:** Measure all verticals including height of pallet, pallet-load, beam, and add an extra 4" to 8" clearance between top of load and bottom of beam above. Top beam should be a minimum of 6" less than the lifting height of your forklift.
- Depth:** Measure depth of pallet. Pallet should overhang frame by 3" front and back. (eg.: 48" deep pallet, use 42" deep frame.)
- Width:** Measure width of pallet. Add a minimum of 3" clearance pallet to frame and 4" between pallets to determine correct beam length. Each pair of beams must support weight of pallets per level.
- Frame Capacity:** Add total weight of all pallets for each bay (exclude pallets on floor.) This is your desired frame capacity.
- A common frame should be used between each section.

**CROSS BAR**  
Supports decking and undersized pallets. Galvanized.

**STARTER UNIT**  
Includes two upright frames and two pair beams.

**ADD-ON UNIT**  
Includes one upright frame and two pair beams.

**CHOOSE WITHOUT DECK OR WITH GALVANIZED WIRE DECK**

### PALLET RACK CONSTRUCTION FEATURES

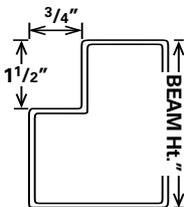

- Tear drop, snap-in locking slots ensure a secure and stable unit.
- One piece box-formed reinforced upright frame, punched 2" on centers for maximum adjustability.
- 3 1/4" x 4 1/4" x 12 ga. base plate anchors upright to floor and distributes weight evenly.
- Positive six-way locking action; right to left; front to back; up/down.
- Lock automatically snaps into place and secures beam; is visible for easy checking and fast adjustment.
- Welded braces provide maximum rigidity and stability.
- Step down beam design accommodates cross bars and decking.

Example (diagram shown): Two frames, Model SC835100, 36" D x 96" H. Two pair beams, Model SC835126, 5,373 lb. capacity/pair.

# STEEL WIRE MESH DECKING

Strong, 2 1/2" x 4" welded wire features three 13-gauge channel supports. Permits light, air and sprinkler penetration; and minimizes dust accumulation. Simply drop into place over beams. Use with beams that have 1 1/2" or 1 5/8" step. Oven baked gray enamel finish.

### TO ORDER:

Measure beam length between uprights (left-to-right)  
 Measure beam depth overall (front-to-back)  
 Measure depth between beam steps (front-to-back)

## VERTICAL SHEET RACK

*Choice of Floor or Mobile*

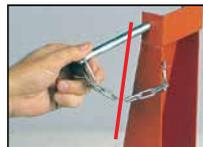

Stores sheet materials. Includes 3 pairs of 1 3/16" dia. steel pipe uprights at 12", 26", and 36" heights steel framed wooden deck with lacquer finish. 1 1/2"H x 1/2" thick angle iron frame has rounded safety edges. Provisions included for floor anchoring. Blue enamel finish. **Frame sockets permit 3 1/2" upright adjustments** (24"W has 7 sockets; 30"W has 9 sockets). **Mobile Rack** has 6" mold-on rubber wheels and 2,000 lb. capacity.

### STEEL PIN LOCKS RACKS TOGETHER

Model	Price Each 1-6	7+
SC952201	\$76.00	\$71.00

Ideal for storing bars, channels, angles, pipes, etc. Stacks up to 4 high. Safety pins lock stacked racks together to help protect employees from injury. Heavy duty welded steel construction. 25 1/4" wide top x 20" high x 4 1/4" wide bottom channel.

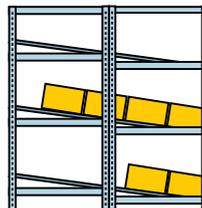

## GRAVITY FLOW CARTON RACK

ROLLER TRACKS

Provides first-in-first-out rotation. Roller tracks have U-shaped galvanized steel channel sides with plastic wheels that support 50 lbs./ft. Guide rails and beams adjust to accommodate carton sizes. Each level includes 4 pairs of roller tracks, 5 guide rails and 1 cross support. 5/8" thick particle board top shelf supports 1000 lbs. of storage. Levels adjust on 1 1/2" centers. Gray baked enamel finish. Easy assembly.

# Choose between Medium, Heavy, and Extra Heavy Duty

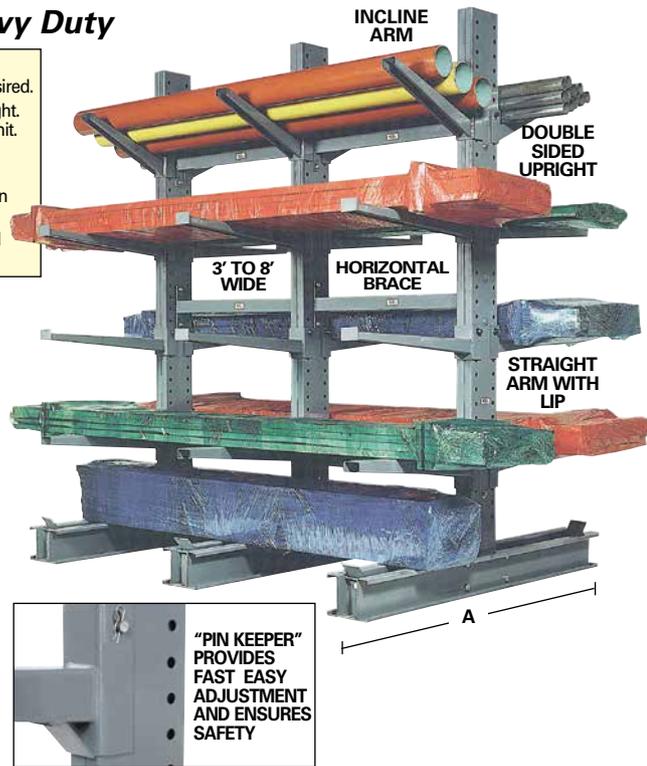

Create the rack that's right for you. Available in medium to extra heavy gauge construction. Cantilever racks help speed the handling of bulky items which often present a space problem. Arms include "Pin keepers" for tool free height adjustments at 3" increments. **Straight Arms** are perfect for storing long, flat items, such as lumber. **Inclined Arms** feature a 20° incline; perfect for storing bar stock and pipes. Durable gray enamel finish.

**Single Sided Uprights** are ideal for against-the-wall applications. **Double Sided Uprights** provide maximum storage in minimal space. Ideal for center of aisles or rows.

**Horizontal Brace Sets** maintain strength and rigidity while evenly spacing out uprights for assembly.

## HOW TO ORDER -

1. Choose type and arm length desired.
  2. Determine upright type and height. Order two uprights per starter unit. One per add-on unit.
  3. Order one brace set per bay.
- Arms - Arm capacities are based on evenly distributed load.  
Brace Sets for Uprights - Measured from center to center of upright.

## EXTRA HEAVY DUTY Up to 57,200 lb. capacity!

## SUPER CAPACITY CANTILEVER RACK Up to 43,800 lb. capacity

Solves the toughest storage requirements for steel bar stock, lumber, pipes, and more! Single and double sided uprights are available. For use with Extra Heavy-Duty and Super Capacity Straight Arms. 12 3/8" D uprights provide superior strength and rigidity over all other cantilever racks. 7 gauge steel arms, base, and uprights for optimum strength. 12"H base. Arms adjust at 3" increments. "Pin Keeper" arm installation for quick and secure assembly. Gray enamel finish.

# WIRE MESH SECURITY PARTITION

**Lowest Price  
 In The  
 Industry!**

## Our Exclusive Features WIRE COMPONENTS

## BUILD YOUR OWN

### EASY TO PLAN AND ORDER:

1. Make a floor plan including measurements. Determine height of partition.
2. Indicate doors, gates and service windows and their size and location. Show the direction of the gate slide or door hinges either left- or right-handed and swinging in or out.
3. Be sure to utilize as many 5 ft. wide panels as possible for most efficient pricing. Add one channel stiffener post for every 2 panels. (Stiffener posts are included with each door and gate.)
4. **Important: You must order TOP CAPPING** in 10-foot sections. Calculate the total linear feet and round up to the nearest multiple of 10, then divide by 10 for the number of top capping sections. Example: Actual 63' 7" linear feet: Order 7 top capping sections (70 ft. total).
5. Adding a roof requires 1 ft. or 5 ft. roof panels (hardware included) and mounting angles. Rooms larger than 20' x 10' require a 10'L roof beam. Roof beams can be joined together by using a splice kit when beam requirements exceed 10'L and a channel stiffener post is required to support connected roof beams.

### Our Exclusive Features Include:

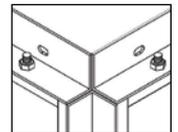

- Free mortise cylinder lock in every door
- Free 3 1/2" W stiffener post with each door for superior strength

Create high-visibility security areas with our easy-to-install partitions. Designed for unrestricted ventilation and layout flexibility. Made of 10-gauge wire woven in a 1 1/2" diamond pattern with a strong 14-gauge cold rolled C-channel frame. Wire mesh is clinched, not welded, into frame for heavy-duty strength and enhanced appearance. Panels include floor sockets, nuts, bolts and detailed assembly instructions. Gray powder coat finish.

### Easy To Assemble!

# COMPLETE WIRE MESH SECURITY ROOM

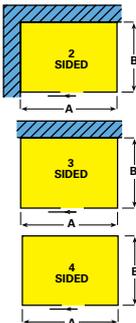

*Convenient and Easy to Order!*

Woven wire mesh security rooms provide security, safety, protection and access control. These pre-designed rooms are available with or without a roof, in two, three and four sided configurations. Constructed from high quality 10 gauge steel wire, woven into an extremely strong frame. Modular components makes installation easy, usually requires no change to existing heating, lighting or ventilating system. Components bolt together quickly and can be easily relocated. Long-lasting, maintenance-free powder coated gray enamel finish. Available in 8' and 10'H in five standard sizes ranging from 10'x10' to 20'x30'. All models include a 5'W x 8'H sliding gate with mortise cylinder lock.

Durable powder coat finish. Add color suffix: Black (BK), Tan (TN) or Gray (GY). Assembled Cabinets are non-returnable.

## 5 Ways Our Cabinets Beat the Competition

Feature for feature, our cabinets are strongest where theirs are not. Our doors have extra large 4" barrel hinges with 3/8" pins; their hinges are only 2 1/4" with 1/8" pins. Our shelves are box formed on all sides with dual channel reinforcements to maintain their shape; theirs are a single flat layer prone to sagging when loaded. Our 5/16" round latching rods resist prying; their 3/32" flat rods can bend when doors are forced. Our 48C base is supported with an I-beam for rigidity; their base allows the cabinet to flex, affecting proper door closure. We include 2 door handles for ease of closing.

# INFINITY™ STEEL LOCKERS

Contemporary Styling with Superior Security

NYLON CATCH FOR QUIET DOOR OPERATION

SC968265GY

SC652970TN

RECESSED STAINLESS STEEL HANDLE FOR SAFETY AND APPEARANCE

SC968250BL ASSEMBLED

**Catch-Free Recessed Handle Enhances Safety and Security** Door handle with fingertip lift latch is recessed into the door face to create a smooth catch-free surface, to discourage the padlock from being cut off and to provide a neat, clean look. The results are quiet operation and improved safety, security and appearance. These quality lockers feature 16 gauge steel doors, 5-knuckle security hinge and welded, reinforced frame-and-door assemblies. Extra wide louvers promote ventilation. Legs add 6" to height. Includes blank number plate. Optional locks, numbered plate kits and bases sold separately. Durable, attractive powder coat finish is available in the 3 most popular locker colors; **add color suffix: Gray (GY), Tan (TN) and Blue (BL).** Assembled lockers are not returnable.

**Single Tier** lockers have secure 3-point positive locking system, hat shelf, stainless steel door latch and double and single-prong coat hooks (the 18" deep model also includes coat rod).

**Double Tier** lockers have secure 2-point positive locking system, stainless steel door latch and double and single-prong coat hooks.

**Six Tier** lockers feature padlockable friction latch and hasp closures.

**Sixteen Person** lockers feature the same as **Six Tier** and are arranged around a central coat rod. † Ships Partially Assembled

# Hallowell CLEAR VIEW LOCKERS

Clear View doors have 2 polycarbonate, scratch resistant panels for monitoring contents without opening doors. Single, double, and triple tier models feature a stainless steel recessed handle with padlockable gravity latch that provides a smooth, catch free face and protects padlocks from tampering. Gravity latch controls a multi-point locking system

for added security. Single and double models include a hat shelf. Six tier and 16-person models have friction latch with padlock hasp. **All models include blank number plates, specify number at time of order otherwise start with #1. Parchment powder coat finish. Assembled Lockers are not available.**

# Hallowell VENTILATED LOCKERS

Durable, ventilated lockers combine security, visibility and maximum air circulation. Heavy 14 gauge steel doors and 16 gauge sides have diamond shaped perforations for improved airflow. Rubber bumpers on doorframe ensure quiet operation. Legs allow easy access and add 6" to overall height. Includes number plates on each door. Specify number at time of order, otherwise start with #1. **Single Tier** lockers are ideal for full-length garments and include a top platform shelf for books and other storage needs. **Single and Double Tier** units include 3 single-prong wall hooks and a double ceiling hook. Continuous piano hinges provide maximum security. Stainless steel recessed handle for safe and secure finger lift control that creates a clean, neat appearance. **Six Tier** box lockers feature a padlock friction hasp. Powder coat finish. **Assembled lockers are not returnable. Specify color suffix: Gray (GY) or Parchment (PT).**

# Hallowell PREMIUM LOCKERS

High quality **single, double, and triple tier lockers** have louvered 16 gauge steel doors. The smooth front profile of the recessed handle prevents catching and banging. The handle also includes an integral padlock hasp that shelters lock shackle to discourage tampering. Continuous piano hinges provide maximum security. Single tier lockers also include a hat shelf. **6 Tier lockers** have friction latch and hasp and 18 gauge steel doors. Painted inside and out with powder coat finish. Legs add 6" to height. Each door **includes a number plate**, specify number at time of order otherwise start with #1. Choose assembled or ready-to-assemble. **Assembled lockers not returnable.** Add color suffix: **Gray (GY), Parchment (PT).** \*Models also available in **Blue (BL).**

## CELL PHONE LOCKERS

### Padlockable and Keyed Lock

Cell Phone Lockers provide a convenient, secure, space saving solution for storing electronic device safely. Made with 21 gauge steel doors and 20 gauge body with black powder coat finish for long lasting durability. Mount to the wall for ease of use and to prevent tipping. Lockers equipped with **both padlockable hasp** (padlock sold separately) and **key lock** to provide reliable security. 2 keys per door; each door is keyed differently. Management has master key set to allow immediate access to all locker compartments as needed. Cell phone lockers are ideal for military facilities, law enforcement, government contractors, fitness clubs, swimming pools, health care and schools to securely store cell phone, tablets, wallets, sun glasses, keys and other personal items. Blank metal name plates, control sheet, hardware and mounting brackets included. Ships fully assembled.

# GLOBAL®, JUSTRITE & EAGLE FLAMMABLE CABINETS

SC260815

**Compact Wall Hung or Bench Mountable**

Meets **NFPA** standards

**TOUGH POWDER COAT FINISH**

**Factory Mutual System** Approved

MEETS **OSHA** REQUIREMENTS

SC962357

**COMPACT FLAMMABLE CABINETS** are perfect where space is limited. Meet or exceed all NFPA and OSHA requirements. Constructed of 18-gauge steel. **MANUAL-CLOSE** door must be physically closed. **SELF-CLOSE** door closes in the event of fire via fusible link that melts at 165°F and releases closing mechanism (per Uniform Fire Code). Full-length piano hinges and 3-point locking handle for smooth door operation. Yellow powder coat finish accompanied by a large red warning label "FLAMMABLE - KEEP FIRE AWAY".

## BEST VALUE DRUM SAFETY STORAGE CABINETS

Flammable safety cabinets are made using an all-welded steel body built with reinforced double walls. 1 1/2" insulating air space on top, bottom, back, sides and doors. 2 vent with fire baffle and cap. All doors on safety cabinets are self-latching for secure closure. Three-point key lock with button latches. Tri-lingual warning labels. 2 raised front sill helps prevent leaks. 350 lb. capacity galvanized steel shelf included with vertical cabinets. Vertical cabinets include roller conveyors to ensure easy loading and unloading of drums. All steel cabinets meet NFPA Code 30 specifications and OSHA requirements.

## CYLINDER STORAGE CABINET

Cylinder Storage Cabinets are made of solid 14 gauge steel top and bottom for strength. Features 1/8" x 13/16" expanded metal door(s) and sides which allow for ventilation and visibility of contents. Rust and acid resistant safety yellow powder coat finish for long lasting durability. Padlock hasp keeps contents secure for safely storing compressed air/gas cylinders and tanks. (padlock not included). Cabinet will accept 20 lb. and 33 lb. LPG cylinders. "DANGER FLAMMABLE MATERIALS" sign is located on the door(s). Door stoppers have magnets to keep doors safely shut when not locked. Pre-punched lagging holes in feet for anchoring to the ground. Complies with OSHA regulations.

# PAINT & INK/ACID CORROSIVE/PESTICIDE CABINETS

Cabinets are constructed of all welded, double walled 18 gauge steel with 1 1/2" air space and dual 2" capped vents with flame arrestors. Doors are double walled with 14 gauge outside and 18 gauge inside. All models have heavy-duty 4" welded hinges with brass pins and 3-point locking doors for added security. Features flush mounted, grip padded handle. Galvanized steel shelves have 350 lb. capacity and adjust on 2 1/2"

centers. Ground connection dissipates static charge. Includes 2" leak proof doorsills and adjustable leveling feet. Meets FSPA code 30 and OSHA standards and FM approved. **Paint & Ink** models have a red powder coat finish. **Acid Corrosive** models have a blue powder coat finish. **Pesticide** models have a green powder coat finish. Both Acid and Pesticide models include corrosive resistant polyethylene trays.

**12 Year Limited Warranty!**

## HIGH CAPACITY PALLET TRUCK

Lift & Move 11,000 lbs.!

SOLID STEEL TIE-RODS, REINFORCED FRAME AND INTEGRAL TOW LOOP

TWIN STEEL LOAD ROLLERS

Model	Price
SC241637	\$1833.00

Rugged, double-channel reinforced structural steel frame handles loads up to 5 1/2 tons! Solid steel pump mount and extra heavy-duty pump with high-pressure seals and hardened chrome-plated piston for years of service. Adjustable solid steel tie rods maintain proper rollability of truck. Steel steer wheels and twin steel load rollers assure secure load movement in toughest environments. Frame includes integral tow loops. Safety loop handle has 3-function hand control (raise, neutral, lower). Tapered 23" W x 45 1/2" L forks. Durable powder coat finish.

SEE QUICK REFERENCE CHART ON OPPOSITE PAGE FOR ALL TRUCK SPECIFICATIONS.

## ERGO PALLET TRUCK

The Next Generation of Pallet Truck!

EXCLUSIVE ENDURA PUMP

5500 lb. capacity

Model	Price
SC168119	\$519.00

Offset, contoured handle helps alleviate stress and strain. Slip-resistant plastic grip minimizes vibration and reduces the transfer of cold and heat to the hands. Features a fully sealed **Exclusive Endura Pump** with controlled, variable speed lowering reducing product damage. Spring loaded finger grip automatically stops lowering when released to help reduce foot injury. Includes grease fittings to help maintain performance. Tapered 27" W x 48" L forks. Durable powder coat finish.

SEE QUICK REFERENCE CHART ON OPPOSITE PAGE FOR ALL TRUCK SPECIFICATIONS.

## QUICK-LIFT PALLET TRUCK

OFFSET ERGO HANDLE

5500 lb. capacity

Model	Price
SC168081	\$549.00

**The fastest, most productive truck on the market!** Within 2 strokes, pallet is ready to be moved. Highly efficient; achieve maximum lift height in half the time. Pump automatically switches to normal operation when load exceeds 250 lbs. European designed fully sealed **Exclusive Endura Pump** has integral overload protection valve. Slip-resistant offset handle offers comfort and safety. Welded, high strength, 27" W x 48" L "C" section forks supply extra rigidity. Durable powder coat finish.

SEE QUICK REFERENCE CHART ON OPPOSITE PAGE FOR ALL TRUCK SPECIFICATIONS.

# DUAL DIRECTION PALLET TRUCK

## Unique, Lateral Movement Pallet Truck Moves Long Loads in Narrow Areas!

Model Price  
SC168041 \$626.00

**5000 lb.  
capacity**

LATERAL MODE

STANDARD MODE

This pallet truck combines the functionality of a standard truck with the versatility of a lateral moving truck. Perpendicular movement is achieved by raising the load to 7 1/4" high, which automatically activates the side rolling load wheels. Simply turn the steering handle, set the lock detent into place and truck moves loads up to **2200 lbs. in the lateral mode**. Ideal for maneuvering in tight areas, truck can also be used to move oversized items by placing load across the forks. Lateral mode offers 7 1/4" lowered height and 8 1/2" raised height. **Standard mode offers 5000 lb. capacity**, 3 2/5" lowered height and 7" raised height. Ergonomic rubber coated handle improves comfort and grip. 27"W x 48"L with fully adjustable fork connecting rods. 7"W forks. Built-in safety bypass valve prolongs jack life by preventing overloading. Durable powder coat finish. 1 Year Limited Warranty.

# PALLET TRUCK CHOCK

Model Price  
SC988025 \$38.00

The pallet jack stop is engineered to hold any pallet truck in place in a moving truck or trailer. Its unique design helps to reduce freight and trailer damage due to runaway pallet jacks, making it ideal for freight, logistics and trucking companies. Durable rubber skid jack stop prevents any movement on the floor of a truck or trailer, protecting valuable freight from damage caused when a pallet jack rolls or slides unsecured. The chock works on any surface and will not slip. Truck drivers simply pull the pallet jack into the stop and it is securely parked in seconds. Drivers will never again have to tie a pallet truck down or turn the pallet truck on its side. 14"L x 12"W x 2"H overall and weighs only 3.5 lbs.

# BATTERY TRANSFER PLATFORM

PALLET TRUCK  
NOT INCLUDED

**4000 lb.  
capacity**

Convert your existing 27"W x 48"L pallet truck into a cost-effective portable battery changer. One person can load, unload and transfer forklift batteries. 2 1/4" diameter steel rollers and hand-crank winch with 6' cable and safety latch hook safely facilitate horizontal battery transfer. Because the pallet truck's height is adjustable, it aligns easily with forklift's battery compartment; height to top of rollers is 2 9/8" above pallet truck's forks. Front locking safety tabs secure battery to deck. All-welded steel construction with durable powder coat finish. 48"L x 33"W x 7"H overall (46"H to top of winch) with 40"L x 30"W usable deck.

Model SC241957

# PALLET SCALE TRUCK

Model Price  
SC242066 \$1221.00

LCD DISPLAY SCALE

**4400 lb. capacity**

A quick and economical solution to determine pallet weights. Use at the dock to estimate incoming and outbound shipments or in the warehouse to avoid overloading pallet racks. Patented frame mounted sensor measures deflection caused by the load. Displays up to 4400 lb. capacity in 10 lb. increments and accurate to +/- 40 lbs. throughout lifting capacity range. LCD display with 3/4"H characters offers ZERO, TARE and LB/KG keypads. Scale operates on (4) AA batteries (included) with automatic shut-off after 3 minutes. 6.3"W tapered forks are 27"W x 48"L. 3-position hand control. 7" polyurethane steer wheels, 2 3/4" load wheels, 210° steer arc, 2.95" lowered ht., 7.7" raised ht. 1 Year Limited Warranty.

# LOW PROFILE PALLET SCALE TRUCK

## Weigh & Move Loads in Seconds

Quickly verify inbound and outbound freight. Versatile truck combines all features of a pallet truck with a portable Mettler-Toledo HAWK scale/sensor. (242050 has Ravas scale/sensor). UL approved scale operates on C-cell batteries (included) or 7' AC power cord (included). Model SC241414 has an integrated RS-232 port for sending data to serial device. Backlit LCD display with 1"H characters. 4 color-coded, tactile-feel keys (ZERO, TARE, FUNCTION, PRINT). Displays up to 5000 lb. capacity in 1 lb. increments (or kilograms/grams). Accurate to 0.15%. 7"W tapered forks are 27"W x 48"L. 3 position hand control. 7" polyurethane steer wheels, 2 1/2" load wheels, 210° steer arc. 2.95" lowered height, 7 3/4" raised height. Durable powder coat finish. **NTEP Approved Legal for Trade Class III Truck** is certified for commercial transactions and is supplied with certificate of compliance. 3 1/4" lowered height. 1 Year Limited Warranty.

## PALLET CAROUSEL & SKID POSITIONER

**Reduce Worker Strain and Risk of Injury**

Ideal for building or unpacking pallet loads. Heavy-duty springs and shock absorbing dampener maintain a constant working height without overshoot or spring bounce, lowering and raising the carousel as packages are removed or added. No power or air supply is required; virtually maintenance free! 43 5/8" dia. turntable features low-friction bearings for smooth operation. 360° access allows for nearside loading without reaching; operator can step closer to the platform to add or remove loads. Free-standing base features 36 5/8" L x 6" W x 2" H fork pockets for easy relocation by fork lift. Strong tubular steel frame with durable powder-coat finish. 9 1/2" lowered height and 27 3/4" raised height. 1 Year Limited Warranty.

## Presio FLOOR LEVEL LIFT & TILT TABLES

LIFT TABLE

**6000 lb. capacity**

Position work at a comfortable level to help improve productivity and worker safety. Adjustable height helps eliminate bending and stretching. Constructed of heavy gauge steel for strength. Floor level platform ramp allows you to use a pallet truck or hand truck to quickly load and unload equipment. 1 HP 115V, single phase motor. Toe guard/safety edge helps protect workers from injury. **Lift Table** raises and lowers contents to provide individual workers with a personalized working height to ensure correct posture. Raised height is 33 3/8". Especially suitable for use with pallets. **Tilt Table** tilts contents from 0° to 45° to help eliminate undue stress on workers. Allows you to angle containers so parts are within sight and reach. Available with either a push button Hand Control with 8' coil cord or a Foot Control. Specify suffix: (H) for Hand or (F) for Foot.

## PALLET TURNTABLE

**4000 lb. capacity**

Increase productivity and reduce muscle strain from stretching and reaching over and around loads. Precision anti-friction ball bearings allow for 360° pallet rotation by a single person. Low profile 7/8" overall height allows pallet truck access for efficient load transfer without a pit. Includes lock to prevent unwanted rotation. Strong steel construction has chip resistant finish. Use throughout the plant, as unit does not require lagging to the floor.

# NESTABLE RACKABLE MID WEIGHT FOUR RUNNER PALLETS

Eco Pallet Rackable, Nestable Plastic Pallet: Black 48 x 40 - 4 runner, fork cap. 3100 lbs. This pallet racks up to 2,700 lbs. in an unsupported rack. It can handle 10,500 lbs. on the floor, 3,500 on the forks, and it can save you thousands of dollars on freight - 1,800 per truckload vs. 540 (standard rackable pallet). Plus, its ergonomic design makes physically handling it very easy for everyone on the production floor. \*SC298530 is FDA Grade.

## FORKLIFT PEDESTRIAN WARNING LIGHT

Model	Price
SC988717	\$130.00

LED Light mounts to forklift and projects bright blue spot beam pattern on the floor surface that is clearly visible to pedestrians, regardless of ambient noise, alerting them to the nearby presence of the forklift. Twin 5 watt solid-state, shock-resistant, 50,000 hour service life Cree LED lights (600 lumens) are enclosed in IP68 rated aluminum housing with a UV-resistant polycarbonate lens. Light uses the vehicle electrical power and can be installed on the front and/or rear of any forklift, sweeper, or AGV. Configured for 10 to 80 Volt DC input range with reverse voltage protection. 6 1/2" L x 4" W x 4 3/4" H overall and includes a universal stainless steel swivel mounting bracket. Rated for -49 to 185° F.

## HI-LIFT SKID TRUCK

*Raises Load to a Comfortable Work Height*

**2200 lb. capacity**

Model	Fork Size	Price
MANUAL PUMP HANDLE - 2200 LB. CAP. SC983222	27" W x 45" L	\$871.00

Heavy duty truck has 4mm thick reinforced steel plate for added strength. Forks can be raised from 3 1/2" to 31 1/2" H. Support legs automatically extend when the load reaches 16 1/2" H and help prevent the truck from moving. **2200 lb. capacity manual pump handle model** requires 60 strokes to reach full height at maximum capacity and automatically slows the descending speed with heavier loads to help protect cargo. **3300 lb. capacity battery operated model** has 12V/63AH battery and 10 amp charger offering 15 second lift time to max. ht. Rolls easily on 7" polyurethane steer wheels and 3" load rollers. Use with single faced pallets, skids and bulk containers. 2 Year Limited Warranty.

# ALUMINUM DECK TRUCK

*Lightweight, Maintenance Free - 2400 lb. capacity*

**ALUMINUM HANDLE**

Maximum strength, lightweight deck makes this the perfect choice for moving bulk product. All-welded aluminum channel frame and deck ensures long life and resists corrosion. Slip-resistant diamond tread deck surface has more grip cleats per square foot than competitive trucks, helping to prevent items from falling during transport. **Non-marring integral corner bumpers protect walls.** Newly designed offset ergonomic aluminum push handle helps reduce fatigue and increases maneuverability. Reinforced corner sockets on both ends allows use of additional push handle (sold separately). Rolls smoothly on 2 swivel, 2 rigid roller bearing wheels. 5" dia. wheels offer 7 1/2" deck height, 6" dia. have 8 1/2" height and 8" dia. have 10 3/4" height.

## MULTI-FUNCTION 5-IN-1 TRUCK

### Five Trucks for the Price of One!

Versatile truck converts easily for a multitude of uses and **weighs just 41 lbs.** Ideal for office use and folds compactly for storage and transport. 16 gauge welded tubular steel frame. Comfortable foam grip handle extends from 41" to 56"L. Rolls smoothly on 8" x 1 3/4" semi-pneumatic wheels and 2 1/2" rubber swivel casters. Hand truck position offers 300 lb. capacity and 14"W x 6 1/2"D reversible steel nose-plate. Platform and dolly position offer 400 lb. capacity. Instrument table position has 23 1/2" x 19" laminate top (25"H) with protective vinyl edge and 175 lb. capacity. Assembles easily.

# MAGLINER® ALUMINUM GEMINI® 2-IN-1 HAND TRUCK

Make the most of your equipment. This dual function truck provides you with the features of a platform truck and a hand truck. Compact, lightweight, high strength aluminum construction is balanced to accommodate high capacity loads throughout your workplace. Junior and Senior trucks have 18"W x 7 1/2" beveled aluminum noseplate, 10" x 3 1/2" full pneumatic wheels, and 5" x 1 1/4" rubber wheel swivel casters. Gemini XL truck has the industry's widest deck with integral non-skid surface and large 18" x 8 3/4" beveled aluminum noseplate. XL also comes equipped with 10" x 4" full pneumatic wheels, and 6" x 2" rubber wheel swivel casters with brakes for easiest movement over thresholds. Assembles easily. 1 Year Limited Warranty.

**OPTIONAL SNAP-ON DECK**  
Snaps in place quickly and easily removed. Helps Gemini Jr. and Sr. trucks carry odd shaped items in hand truck or platform positions.

**1250 lb. capacity**

**As Easy As 1-2-3 !**

A simple press of the release bar allows the frame to slide down into platform mode.

## HOW TO SELECT THE PROPER WHEELS AND CASTERS

### 1. SELECT WHEEL TYPE:

**HARD RUBBER** - Highly resistant to water, oil and animal fats. High load carrying ability and floor protection.

**STEEL** - Carbon steel casting. Unbreakable in normal service.

**SEMI-PNEUMATIC** - For light duty trailers, dollies or hand trucks. "Puncture-proof", no inner tube.

**FULL PNEUMATIC** - For handling delicate instruments or fragile parts. Floats loads over the roughest floors or obstructions.

**MOLD-ON RUBBER** - For full floor protection where greater capacities, load cushioning and less "load starting" effort is required.

**MOLDED PLASTIC/POLYOLEFIN** - For high impact, easy rolling, floor protection, and capacity. Resistance to many chemicals and heat.

**POLYURETHANE** - For longer wear, floor protection, high capacity and excellent cushioning.

**2. DETERMINE LOAD CAPACITY** per caster by adding load and truck weight and dividing result by number of supporting casters. For specific recommendations consult our engineering department.

**3. WHEEL DIAMETER** - The greater the wheel diameter, the easier it is to move.

Use when an economical caster is desired. Hardened steel balls roll in large raceway. 3" swivel caster has 4 1/8" x 3 1/8" plate size with 3 3/8" x 2 3/8" bolt spacing. 3" rigid caster has 5 1/8" x 2 1/4" plate size with 4" x 1 3/16" bolt spacing. 4" swivel caster has 5" x 4" plate size with 4" x 3" bolt spacing. 4" rigid caster has 6 1/4" x 3 1/4" plate size with 5" x 2" bolt spacing.

## HEAVY DUTY CASTER

350-800 lb. capacity

Ideal for general utility trucks, platform trucks, dollies, etc. Swivel casters have hardened double ball races and heat treated king bolt for longer life. Wheels roll easily on cage type hardened and ground roller bearings. Standardized 4 1/2" x 4" top plate has slotted holes for 2 5/8" to 3" x 3" to 3 5/8" mounting.

## LO-PROFILE CASTER

Low profile design offers low load height and quick swivel response. Ideal for business machines, dollies and carts. Nylon bearing, powdered metal bushing and double ball bearing, heat-treated raceway. Non-marring casters and thread guards are standard. Durable zinc plated finish. 3 3/4" x 2 3/4" plate size with 3 1/16" x 1 3/4" bolt spacing.

## HI-TECH DUAL LOCKING CASTER

Unique patented dual braking system allows you to lock the caster in two ways. You can lock both the swivel and wheel rotation or just lock the caster swiveling feature, while still allowing the wheel to roll. Durable gray thermoplastic rubber construction is non-marring. Plate size 4 1/2" x 4" with 3 5/8" x 2 5/8" bolt spacing.

Model	Dia." Width"	Overall Ht."	Price Each	
			1-4	5+
SC585369	6	1 3/4	8	\$116.00 \$106.00

## HAND TRUCK REPLACEMENT WHEEL KIT

Replace broken, faulty and ineffective wheels. Wheel kit includes two wheels, a 5/8" dia. x 18" L axle, 4 washers and 2 cotter pins. Add or subtract washers as necessary to adjust frame spacing. Fits most hand truck frames.

Model	Cap. Lbs.	Wheel Size"	Frame Width"	Wheel Material	Kit Price

# ADJUSTABLE WIRE SHELF TRUCK DESIGNED FOR YEARS OF SERVICE

*Maintenance-Free Genuine Chrome-Plated Finish; Superior to Zinc-Plated!*

OPTIONAL ESD KIT

QUICK ASSEMBLY CLIP

**1200 lb. capacity**

Shelves adjust on 1" increments. Numbered posts for quick assembly.

Super-strong, 4 shelf wire trucks store and transport material safely and efficiently. 1 Year Limited Warranty against rust and corrosion when used in a dry storage application. Open design minimizes dust accumulation, maximizes visibility, light penetration, and air circulation. Ideal for warehouse, laboratory, factory, hospital, school, or hotel use. Assembles quickly and easily without tools; shelves adjust instantly on 1" increments. Numbered posts allow quick positioning at desired height. Bright chrome-plated finish. Convenient 4-way access. Individual shelf capacity not to exceed 600 lbs.

†CASTERS WITH WHEEL BRAKE FOR ALL 5" DIA. WHEEL MODELS; ADD "B" TO MODEL NUMBER.

# MOBILE WORK CENTER

Rugged structural plastic cart has steel locking doors and sides with steel pegboard at both ends for secure storage and organization. Cable management opening allows cart to be used as a mobile charging station for rechargeable tools. Pegboard end panel prevents heat build-up from electronics, and casters allow cart to be parked near electric outlets. When charging is complete, simply unplug and go.

Steel enclosure secures valuables with 2 point locking mechanism that captures and locks both doors. Locking chrome door handle includes 2 keys. Perforated end panels serve as a pegboard with handy organizing hooks (sold separately). Gray powder coat finish and gray structural foam. Choose **Tray Shelf** with 3" deep leak-proof top or **Flat Shelf** style. All include molded-in push handle with 2 swivel, 2 fixed non-marking casters. Choose optional **Pneumatic Wheels** for a cushioned ride. Assembles easily.

# WRIGHT LOW-PROFILE SELF-DUMPING HOPPER

by  **McCullough Industries**

Low profile design puts hopper within easy reach. A single operator can easily dump the hopper contents by pulling the 3'L steel chain while seated on the forklift; the balanced hopper tilts to an industry-optimal 90° to empty completely. Tilt stops automatically and the hopper automatically returns to the upright, locked position when it is lowered to the ground. Reinforced and braced formed steel base and precision robotic welds provide a strong, industrial grade unit (leak-proof hoppers are available upon request). Durable gray enamel finish. Safety chain included to secure the hopper to forklift.

# WRIGHT SELF DUMPING STEEL HOPPER

by  **McCullough Industries**

Engineered for safety and economy. Hoppers are perfectly balanced to roll forward when loaded, dump completely, and automatically return to upright, locked position ready for reloading. Continuous welding helps to prevent dripping of wet materials (leakproof hoppers available upon request). Hoppers are available in standard primer gray or optional safety yellow. **Specify color suffix: (GY) Gray or (YL) Yellow (add \$30.00 to listed price for yellow).** Stainless Steel hoppers have chrome pins and latches for corrosive environments.

## SELF-LOCKING FOR SAFE TRANSPORT

1. Formed smooth edge around top and pouring lip for safety and strength.
2. Extended sides prevent side-wise scattering of material.
3. Stacking feature permits stacking of empty hoppers. Standard on 1/2 to 1 cubic yard hoppers.
4. Strong easy-to-operate latching mechanism.

## HEAVY DUTY WASTE CONTAINER

DOLLY  
SC240466BK

DOLLY FITS EASILY  
ON CONTAINER

**AMAZING  
PRICE!**

EASY  
LIFTING  
HANDLE

The unbeatable, economic choice that won't compromise quality or durability. Made with durable, long lasting polyethylene resin. Leak-proof, seamless plastic allows easy cleaning and won't corrode, chip, or crack. Nests when empty to save valuable storage space. Rugged, rolled formed top rim is reinforced for added strength. Strong grip handles make lifting easy. **Optional Lids** protect contents and help keep odors in. Lids allow receptacle stacking when in use. **Optional Dolly** simply twists on and off the base of 20, 32, 44, & 55 gallon waste containers to convert trash receptacles into easy-to-move containers. Dolly includes five 3" non marring swivel casters. NSF approved, OSHA listed.

## HEAVY DUTY MOBILE WASTE CONTAINERS

65 GALLON CAPACITY

EASY TILTING ON AXLE FOR TILT AND ROLL MOBILITY

SC237279BL

Watertight construction eliminates leaking and reduces odors. Made using high-density polyethylene that is injection molded with integral handles, a reinforced rim, and wear ridges that protect and strengthen the bottom. Attached lid conceals contents and retains odors while keeping out rain and snow. Lifting pockets are compatible with automatic arm lifters and semi-automatic bar lifters. **35 & 65 Gallon Units** have 10" diameter wheels. **95 Gallon Unit** features two 12" diameter wheels on a solid steel axle. **Specify Color Suffix: Blue (BL), Gray (GY), or Black (BK).**

# AUTOMATIC SCRUBBERS

*Professional Cleaning Equipment...Exceptional Value*

Automatic scrubbers feature rotationally molded polyethylene tanks that are corrosion and impact resistant. **Pad Assist** models help the machine move forward by friction of the scrub deck against the floor, but the machine needs to be tilted forward to enable spinning pad. **Traction Drive/Self Propel** models use an electric motor and require less effort to operate, allowing for reduced operator fatigue. Battery operated models have a 4.5 hour run time and feature a battery energy management system with digital controller for longer run time. Includes heavy duty cast aluminum squeegee assembly. Large capacity solution and recovery tanks allow for low maintenance. Three Year Limited Warranty; Lifetime Warranty On Housing.

# HIGH VELOCITY HAND DRYERS

SC641164

INFRARED  
SENSOR FOR  
TOUCH-FREE  
OPERATION

SC640955

Ideal for public restrooms in schools, offices, theaters, and more. **High Velocity Hand Dryer** efficiently dries hands in 15 seconds or less with 60-second auto shutoff. Features an infrared sensor for sanitary touch-free operation. 110-120V operation. **High Velocity Vertical Hand Dryer** is a hands-in style dryer with HEPA filter to help remove up to 99.9% of bacteria from the air used to dry hands. Durable, plastic construction with silver finish. Dries hands in 10 seconds or less with automatic, touch-free operation. Includes a water reservoir to keep floor and surrounding area dry.

Model	Description	Style	Color Finish	Price
SC641164	Hand Dryer - Stainless	Hands Under	Stainless	\$351.00
SC640955	Vertical Hand Dryer - Plastic	Hands In	Silver	824.00

**Our Hand Soaps & Sanitizers** help kill germs, and are ideal for use in offices, schools, warehouses, food service, and more. **Manual & Automatic Dispensers** are constructed of durable plastic with large site windows for easy refill. Includes easy-to-slide product identification window cards. Top dispensing technology reduces risk of leaking valves. High 1250mL capacities help reduce maintenance. **Our Hand Soaps** feature rich, soft foam formulations with pleasant scents that quickly clean away light to medium soils. Contains Aloe and Vitamin E to help nourish the skin. **Hand Sanitizer** is effective and convenient to sanitize hands when soap and water are not available. Fast-acting alcohol and alcohol-free formulas kill 99.9% of common germs within 15 seconds. All of our hand soap and sanitizers are for use with our manual and automatic dispensers only.

## CARGO LOAD BINDER

Quickly and safely secure loads for handling and transporting. Spring-loaded ratchet buckle is designed for fast tensioning and easy release. Simply pull webbing through roller to take up slack. Operate buckle handle back and forth until webbing is properly tensioned and close handle. One-handed release; just disengage positive locking safety latch and rotate handle over center. Rugged, 2" wide low-stretch polyester webbing stands up to your toughest job. Working load limit: 1600 lbs., ultimate load strength: 5000 lbs. except Style E: 3000 lbs. ultimate load strength, 1000 lb. working load limit. Meets military and commercial specifications. Rated to comply with D.O.T., C.H.P., and C.U.S.A. Other lengths are available; call for pricing.

Chock trailers, off-highway construction equipment, buses, jets and other heavily loaded vehicles...helps protect against runaway vehicle accidents. Built-in traction grippers create maximum friction between tire and parking surface.

# ENERGY SAVING STRIP DOOR

**Installs in 30 Minutes** Based on 8' x 8' opening

Fastest installation of any strip door on the market. Exclusive glass filled polypropylene mounting bracket reduces installation time by 90%. Pre-punched strips simply hook on and will not accidentally come off.

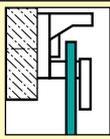

- Permits non-stop movement of all plant traffic; 2-way visibility
- 12" W x .125" thick strips have 66% overlap (4" each side) to reduce A/C, heat loss; reduces noise, dust, fumes, drafts
- Heavy duty flexible vinyl has outstanding clarity and warp-resistance
- Round edge strips with concave/convex overlap improves seal, eliminates dangerous sharp protrusions
- Effective thermal barrier and provides excellent temperature resistance from -10°F to 150°F
- Special UV stabilizers help reduce fading or yellowing
- Safety orange end panel strips
- Fire-resistant, as well as self-extinguishing, and registered as such by the California state Fire Marshal's office.

**SCRATCH-RESISTANT STRIP DOOR.** Ribbed on both sides to help reduce scratches and abrasions to the strips. Strips retain clarity for lasting visibility and increased service life. Overlapping strips interlock to help provide a tighter, more energy efficient seal. Ideal for heavy traffic applications.

**NOTE:** For surface mounted installation, order strip door one foot wider and higher than door opening.

**RECESSED MOUNTED**  
(Under Header)

**SURFACE MOUNTED**  
(On Wall)

**HIGHLY VISIBLE SAFETY ORANGE END PANELS**

## PEDESTRIAN DOOR

8" W x .080" thick strips have 50% overlap (2" each side). Ideal for passageways or outdoor entrances where temperature, noise or dust control is required.

## FORK EXTENSION

**Extend Reach 50%**

Heavy duty steel construction with welded safety heel restraint. Fork extensions affect truck capacity. Refer to your lift truck manufacturer for a derated capacity. 2" maximum fork thickness. Durable powder coat finish.

Extension width is 1/8" greater than fork width.

Model	Extension L"	Fork W"	Price Pair
SC774102	60	4	\$244.00
SC774106	72	4	261.00
SC774110	60	5	291.00
SC774114	72	5	293.00
SC774122	72	6	322.00
SC241679	96	5	459.00

**NOTE:** OSHA requires contacting the manufacturer of your truck for written approval for the use of any fork truck attachments.

**NOTE:** OSHA regulations state that the length of fork extensions may not exceed fork length by more than 50%

Other sizes can be made to order; specify length, width and thickness of fork that will be used. Call for more information

# COFFING® LIGHT DUTY ELECTRIC HOIST

Compact, lightweight hoist is ideal for intermittent lifting of loads up to 500 lbs. 1/6 HP motor thermally protected to help prevent overheating. Quick acting electro magnetic brake for positive stopping under all load conditions. 115V. Swivel hooks have safety latch. Includes limit switches, and push button control with 6' cord. Full 10' lift. H2 rating. Chain container included. Other hoists are available; call for information. Limited Lifetime Warranty.

# LITTLE MULE by COFFING® HEAVY DUTY ELECTRIC CHAIN HOIST

Industrial duty (H3 class) rated electric hoist reduces manual labor. Limited Lifetime Warranty. Transmission gears operate in oil bath in lightweight aluminum housing. 24 volt station has internal strain relief. Adjustable limit switch regulates travel. Magnetic, high torque motor brake ensures positive load hold, and instantaneous stops. Rigid top hook suspension, safety latch swivel chain, and 5 pocket load sheave. Slip clutch provides overload protection. Control cord is 4' shorter than lift. 115V single phase TENV motor with solid state electronics. Chain container included. Other hoists are available; call for information. Available with 230V 3-phase motor; add suffix "B" to Model number.

INCLUDES CHAIN CONTAINER

MEETS H-4 STANDARDS 30 MINUTE OPERATION

BOTH VALUSTAR AND LODESTAR FEATURE:

**BUILT-IN OVERLOAD PROTECTION.** Friction clutch stops lifting when dangerous overloading occurs

**WATER-TIGHT PUSH BUTTON CONTROL STATION** with built-in cord strain relief

**ELECTRIC HOIST BRAKE** minimizes load drift, immediately locks load in the event of power failure

## CM ELECTRIC CHAIN HOIST

Dependable, fast, and efficient chain hoists. Compact with a fully enclosed motor and lightweight aluminum housing. Precision machined heat-treated, lifetime lubricated gear train, and hardened chain guides. Friction clutch overload protection stops hoist when overload occurs. Meets OSHA and ANSI B30.16 safety standards. 115V single-phase operation. Control cord is 4' shorter than lift. **Economical VALUSTAR Model** has regenerative braking system and a caliper disc brake to help prevent heat generation in power train. Latch-type safety hook. Weather-proof, shock resistant control station. **Lifetime Guaranteed LODESTAR Model** offers adjustable upper and lower geared limit switches and a magnetic, regenerative non-asbestos dual braking system. Swivel latch-type safety hooks. Rugged NEMA-4 weatherproof control station. Other hoists are available; call for information. For 230V/460V 3-phase operation add suffix "C" to model number.

## GLOBAL™ POLYESTER WEB SLINGS

A

B

C

**Polyester Web Slings** allows content stability for applications including material handling, distribution, storage, and more. Best value polyester web slings are made of polyester for strength and durability. Slings provide lifting solutions while preventing load damage. Double wall covers and adjustable wear points increase unit longevity. Various color codes indicate optional weight capacities. Available types are, Endless Round Sling, Endless Web Sling, and Eye/Eye Web Sling. Basket hitch capacities range from 2400 to 16800 lbs. Choker hitch capacities range from 950 to 6700 lbs. Vertical lift capacities range from 1200 to 8400 lbs.

# TELESCOPIC FLOOR CRANE

SC975286

6000 lb. capacity

SC475003

Effectively handle bulky, awkward loads. Affordable and versatile all-purpose crane is constructed of sturdy, heavy gauge steel. Features a completely self-contained, hydraulic system with a single-action manual pump. Automatic safety relief valve helps to prevent overloading. Includes safety hook and chain. **Model SC975286** folds to a compact 62 1/2" H x 32 1/2" W x 39" D for easy storage, is 95" H overall, and rolls easily on six swivel casters. **Models SC475002 and SC475003** have a telescopic base offering maximum stability and roll easily on 2 swivel and 2 rigid casters. Assembles easily.

# FOLDING SECURITY GATE

Protect Against Pilferage and Unauthorized Entry

Constructed of strong 3/4" 14 gauge steel channel. Exclusive design protects the durable gray powder coat finish from scratching when folded for a longer life. Assembled with non-corroding zinc-plated rivets. Includes smooth rolling wheel and padlock lug. Double Gates have a cane bolt that holds left half in position and both halves open fully. **Gates fold completely and swing 180°** for unobstructed access. Gates can be either recess or surface mounted. Easy to install; hardware for mounting to wood, steel or concrete walls is included.

# PORTABLE EXPANDABLE CONVEYOR 175 lb. capacity per foot

**Expands From 6'2" to 24'8"**

**RETRACTS TO 6'2" TO SAVE SPACE**

Instantly set-up conveyor lines for shipping, receiving, assembly, and packaging areas. Flexible, portable gravity conveyor expands from 6'2" to 24'8". Rugged 5/16" steel axles and self-tracking skate wheels with enclosed steel ball bearing offers smooth material flow. 175 lbs. per foot capacity. 1 1/4" (compressed) to 4" (expanded) axle centers for 7" minimum package size. Seven zinc

plated telescopic legs with 4" thermoplastic rubber swivel casters adjust independently from 31 3/4" to 40 1/2"H to achieve maximum gravity flow and create banked curves. All units bend around a 27" radius. End legs have locking brakes. Includes convenient box-stop and hook couplers to connect additional conveyors. Simply insert legs into integral sockets and conveyor is ready to use.

**Order optional Swing Stick for "dockless" receiving.** Eases unloading/ loading of truck. 5' long with 2" dia. steel wheels and 4" axle centers. Attaches easily with included hardware and folds atop conveyor when not in use.

## PORTABLE FLEXIBLE CONVEYOR

Flexible and expandable portable gravity conveyor is ideal for shipping, receiving, assembly, and packaging stations. Reduces to 25% of expanded length for compact storage. Self-tracking **Skate Wheel** model offers smooth movement of multi-size material. Black Polymer wheels have 7 steel ball bearings in a captive race, while Steel skate wheels have 8 steel ball bearings. 18 Month Limited Warranty. **Roller Conveyor** is ideal for material with flat or complex bottoms and have 1 3/8" dia. galvanized steel rollers, sealed bearings, and spring loaded axles. 2 Year Limited Warranty. 5 1/4" axle centers for 11" minimum package size. Zinc plated 12 gauge steel legs and 5/16" dia. steel axles. Box stop and 2 hook couplers included. Telescopic legs adjust from 28" to 44" high. 5" x 1 1/2" swivel casters with brakes on end legs for easy transport. All units bend around a 12" radius.

# HIGH TRACTION ALUMINUM DOCK PLATE

Diamond tread surface provides more traction points per square foot than competitor's surface. Lightweight 3/8" thick aluminum withstands heavy traffic but lifts easily using handholds. The 11" apron with beveled edges and an 11° crown provide smooth, efficient entry and exit. Bottom includes a bolted safety stop to keep plate in position. **Note** that width should be 12" wider than load. Not for use with rider type trucks.

# HEAVY DUTY ALUMINUM DOCK PLATE

Lightweight aluminum dock plate has integral handle holes for easy lifting and slip-resistant diamond tread surface. Beveled entry and exit edges, 11" apron, and 11° crown angle offer smooth transition between truck and dock. Safety stop underneath helps secure plate in position. Not for use with rider type trucks. **Note** that width should be 12" wider than load.

30,000 lb. capacity per pair

# EDGE-OF-DOCK LEVELER

Attaches easily to steel nosing of existing dock, saving valuable dock loading space; no concrete work or pit necessary. All models have a 5" upward and 5" downward working range. A full 15" lip projects 12" beyond bumper. High strength 3/8" steel safety plate. Heavy duty hinges. Automatically releases and returns to stored position when truck exits. **MECHANICAL MODEL:** counter-balanced extension spring lift to ensure one person, one hand operation. Includes 41"L steel hook to facilitate opening of leveler. **POWERED MODEL:** push button control operates the 115V 1/2 HP motor which raises and lowers, extends and retracts leveler for easy operation. Independent hydraulic cylinders on both lip and center plate provide descent control. Both models supplied with two 12" x 14" molded rubber bumpers and reinforced mounting blocks.

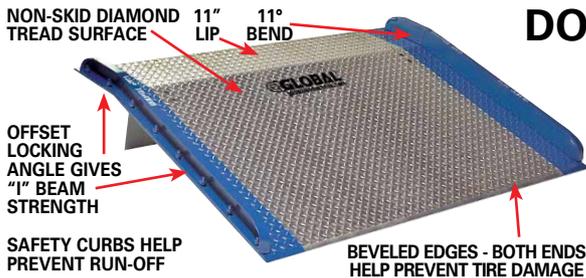

20,000 lb. capacity

# DOCK BOARD *Have You Inspected Your Dock Board Recently?*

Speed up loading operations, help prevent accidents, and reduce labor costs. Anti-skid diamond tread surface for maximum safety. Tapered curbs help prevent tire damage. Curb provides full length handgrip for ease and safety in handling. Beveled board ends offer smooth entry and exit. Safety stop on underside of board fits snugly between truck and dock so board will not move under load. An 11° angle supplied unless another angle of operation is specified. 11° entry lip with beveled nose protects tires.

**MEETS OSHA REQUIREMENT 1910.30(A)**

**DOCK BOARD CAN BE REVERSED WHEN TRUCK IS LOWER THAN DOCK LEVEL**

## CHOOSE FROM THREE TYPES:

<b>STEEL WITH STEEL CURBS</b>	Heavy duty all welded steel. Ideal for frequent motorized traffic. Maximum impact resistance, strength and safety. 10,000 lb. models have lifting chains; 15,000 lb. models have built-in lifting loops standard for easy mobility with a fork truck. Chip resistant Gray and Blue painted finish.
<b>ALUMINUM WITH STEEL CURBS</b>	Combines the strength of steel with lightweight aluminum. Steel bolt-on curbs offer excellent impact resistance to help prevent run-off. Resilient aluminum alloy dockboard has positive traction surface. Chip resistant Gray and Blue painted finish.
<b>ALUMINUM WITH ALUMINUM CURBS</b>	Lightweight boards offer excellent portability and resist corrosion. High strength aluminum board has full-length welded aluminum curbs for extra rigidity and help to prevent operator run-off.

## HOW TO ORDER:

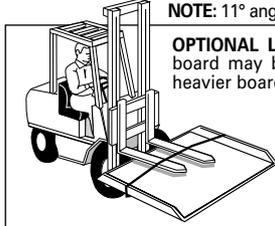

- STEP 1 - CAPACITY** is the combined weight of your maximum pallet load and lift truck. Capacity is rated for a single shift with equipment speeds of 3mph maximum. For multi-shift operations, 3-wheel forklifts or trucks using paper roll clamp, please add 5,000 lbs. to the board capacity.
- STEP 2 - WIDTH** should be 12" greater than lift truck or load. The most popular width is 60". Usable width is 4" less than overall width.
- STEP 3 - HEIGHT DIFFERENTIAL** is the difference between top of loading dock and bed of the truck. The same dock board can be used for truck's higher or lower than your loading dock, as long as truck falls within same height difference (above or below dock).
- STEP 4 - LENGTH** of board is determined by consulting chart, to give proper under clearance required by fork or pallet truck.
- NOTE: Stackers, 3-Wheeled Forklifts, and other Narrow Aisle Loaders should not be used on a dockboard. Refrigerated trucks require special dockboards; please call for information.

Angle of operation*	Ht." Differential	2	3	4	5	6	7	8	9	10	11	12
3°	Recommended board LENGTH in inches	48	72	---	---	---	---	---	---	---	---	---
7°		36	36	42	60	60	72	72	---	---	---	---
8°		36	36	42	48	60	60	72	72	---	---	---
11°		36	36	36	36	42	48	60	72	72	72	---

### \*RECOMMENDED ANGLES OF OPERATION:

Straddle Trucks 3°      Electric Fork Truck 8°  
 Pallet Jack (manual or electric) 7°      Gas Fork Truck 11°

NOTE: 11° angle will be supplied unless another angle is specified.

**OPTIONAL LIFTING CHAINS.** Attach to curb of dock board so board may be lifted with fork truck; permit easier handling of heavier boards. Included with all steel boards.

**FOR ALL-ALUMINUM DOCK BOARDS.**

## ALUMINUM WALK RAMP

Lightweight, maintenance free aluminum construction with "I" beam understructure provides maximum strength and stability. Positive anchoring chains or hooks anchor ramp to truck (when truck has tie-bar or holes in body). **Two Year Manufacturers Guarantee** on material and workmanship. **Not for use with motorized equipment and pallet trucks.**

# PROTECTIVE RAIL BARRIER

Highly visible safety yellow finish. Welded base plates measure 10" sq. x 5/8" thick and are pre-drilled for easy installation. Assembly hardware included. Choose 18" H Post to support single rail or 42" H Post to support a double rail barrier system. Steel Posts measure 4" sq. x 1/4" thick. Rails are made with ribbed 10 gauge high-tensile steel. **Bracket Kit** includes 2 drop-in style brackets that attach to posts to allow rail sections to slide onto brackets for installation. Purchase **Concrete Mounting Kit** to mount base plate to floor.

## PEDESTRIAN BARRIER

Ideal for directing personnel or traffic flow. Heavy duty 1 5/8" diameter 42" high steel pipe frame with mid-rail for rigidity. For permanent installations order single or double sockets to form a straight row or angles up to 30 degrees to create a curved barricade. Use free standing base with or without casters for portability.

## CROWD CONTROL BARRIER

COUPLERS JOIN BARRIERS FOR EXTENDED BARRICADE

Direct pedestrians with these all-welded steel barriers. Easy to transport, they also include removable feet that allow flat stacking and storage. Sections include couplers that join units in runs of any length. Measure 102" L x 40" H each with 5 1/4" spaces in between vertical bars.

Model	Rail Dia."	Description	Price Each

## RUBBER SPEED BUMP

Made of recycled rubber that is chemical and weather resistant. 72" L Bumps feature high visibility yellow stripes and cat's eye reflectors for high visibility. Measures 12" W x 2 3/8" H. Accepts **Optional Steel Spikes**. 36" L Bumps include one pair of end caps per 6 ft. The sloped profile prevents tripping and connector clips to join multiple units together. Bottom includes cable management channels for use as cable covers. 36" L bump includes hardware for installation. Measures 10 1/2" W x 2" H.

## INDOOR/OUTDOOR SAFETY GUARDS AND BOLLARDS

Configured in 3 styles to protect various equipment and machinery in warehouses and parking and loading areas. Safety yellow powder coat finish with black visibility stripes. Mounting kit sold separately. **Bolt-On Models** are made with all welded 4 1/2" diameter steel. Base plates measure 8" x 8". **Removable Base Models** feature a detachable base plate that allows quick, easy and temporary removal. Made from 5 1/2" diameter steel tubing. Base plates measure 12 1/4" x 12 1/4". All **Removable Base Bollards** feature a removable rubber cap that allows bollard to be filled with concrete for extra reinforcement. **Removable Cap Bollards** with Chain Slots connect to other bollards using an optional Steel Chain to create a barrier. Made with 5 1/2" diameter tubular steel and are available in 2 styles: **Existing Concrete Bollards (Suffix M)** allow floor anchoring and **Underground Bollards (Suffix G)** install in fresh, wet cement.

## MODULAR CABLE & HOSE PROTECTORS

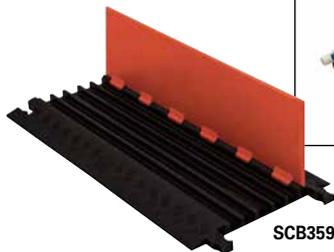

SCB359933

SCB359960

SCB359981

Protect valuable electrical cables, cord, and hose lines from damage and abuse while ensuring safe passage for vehicles and pedestrian traffic. Non-conductive polyurethane construction. Feature 3" modular sections. End caps protect multiple cables or hoses and provide gradual taper to ground. General Purpose and Low Profile protectors are interlocking and feature a recessed handle for easy transport. Hinge lid for easy placement and removal of cable and hose lines. Lightweight drop over protectors are compact for easy setup, disassembly, and storage. Feature 5-bar tread plate surface to provide maximum traction for pedestrian traffic.

## COLUMN PROTECTORS

SC708163

Prevents Costly Damage!

SC708166

Column protectors are made of high density polyethylene for durability and corrosion resistance. Absorbs impacts up to 8500 lbs. minimizing column and machinery damage. Stackable for added height protection. Installs in seconds using 2 straps with hook and loop closure; Yellow Protectors use black nylon belts, Orange and Lime Green use two reflective belts. Add suffix for colors: Yellow (YL), Orange (OR), or Lime Green (LM). Global and Narrow Protector Models Only Available in Yellow.

## GRID BIKE RACKS

SC652773

Riveted grid design secures bicycles in upright position. Powder coated galvanized, industrial grade steel withstands years of outdoor use. Framing uses 1 5/8" dia. tubular steel; grids are 3/4" dia. steel. Double-Sided accommodates bikes on either side. 3 anchor styles: Cement for use in fresh concrete or asphalt, Earth for soil and lawns or 6" Spikes for permanent mounting in existing pavement. Easy assembly.

Model	Description	Price
SC652770	5-Bike Single	\$167.00

SC652776	Anchor-6" Spike / 4pk.	20.00

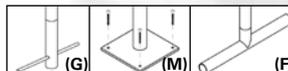

## WAVE BIKE RACKS

SC442804MGN

SC652778MBK

Wave design eliminates sharp edges for safety and allows double sided bike attachment to secure bikes in upright position. Made using rugged 1 5/8" tubular steel with polyester powder coat finish that withstands the elements. Choose from 3 available mounting types. **Below Grade Mount (add suffix G)** installs in fresh, wet cement or soil. **Flange Mount (add suffix M)** for floor anchoring in existing cement. **Free Standing (add suffix F)** with base feet for easy portability (not available for 2-bike rack). **Add color suffix after mount code: Black (BK) or Green (GN).**

Model	Description	L"	Price

## STADIUM BIKE RACKS

U-rail bike rails allow double sided bike storage. Black powder coat finish. **Easy Assembly** racks are made using 1 5/8" diameter x .098 thick tubular steel. U-rails easily attach to U-channel base rails for assembly. Base rails allow freestanding, portable use or can be anchored (mounting hardware not included). **Heavy Duty Racks** are made of 2 3/8" diameter x 9 gauge schedule 40 pipe for strength that lasts. Heavyweight, freestanding steel to eliminate need for anchoring.

## OSCILLATING DELUXE 1/2 HP PEDESTAL FAN

This 30" diameter industrial fan features a heavy-duty base and a hand screw knob for easy, tool free height adjustments. Rugged 3-speed, 10000/8750/7300 CFM, 1/2 HP ball bearing motor uses PSC technology. Height adjustable from 60"- 81" H. Oscillating motion distributes **airflow in a 90° sweep or allows fixed fan positioning**. Pivot-action fan head allows tilt angle adjustments. Steel wire guards safely enclose 3 metal blades that are precision balanced for optimum performance. "Y" suffix Model offers a **safety yellow powder coat finish on the guard and pedestal**. 18'L cord with 3-prong plug. 120V. UL listed. 3 Year Limited Warranty.

SWIVEL TILT

HEIGHT ADJUSTABLE TO 81" EXTRA HEAVY DUTY COLUMN

**OPTIONAL FAN DOLLY** 1" x 2" 18 gauge tubular steel on 16" center. Includes 2- 6" x 1 1/2" rubber wheels with bolt-on plastic hub. Fits 1 1/2" to 2 1/4" dia. pedestal columns with 28" diameter or smaller base. Model SC245658

Continental Dynamics

# CD PREMIUM INDUSTRIAL WALL & PEDESTAL FANS

The CD Premium line of Wall and Pedestal Fans are constructed fully of metal for long lasting durability and dependability in a variety of industrial environments. Units are made with a totally enclosed (TEAO) motor to withstand dust and debris while maintaining maximum efficiency. Industrial grade construction on all connection points from the fan head to the bracket or base ensures these units can withstand a multitude of harsh industrial environments. Guards safely enclose 3 aluminum blades that are precision balanced for optimum performance. Pivot-action fan head allows vertical tilt angle adjustments. 2-speed pull chain operation. Units come with a 18'L power cord with UL rated plug, 120V. UL and cUL listed. **Pedestal Fans** allow tool free fan height adjustments. **Wall Mount Fans** include a wall bracket with swing action arm for side to side placement.

# INDUSTRIAL PORTABLE AIR CONDITIONERS

**Industrial Portable Air Conditioners** provide reliable and economical spot cooling in a variety of professional and residential environments including industrial plants, server rooms, hospitals, offices, and especially where electrical equipment creates a heat load. Cooling ranges from 400-4,000 sq. ft. **Air Cooled Air Conditioners** bring in air from an outside source to cool its condenser, cycling hot air to an outside source. **All of our Industrial Air Conditioners** are air cooled and portable. All units come with a 3 Year Limited Warranty. Optional hot air duct ceiling kits are sold separately. Cold air supply chutes are included with all models.

# EXHAUST FANS WITH SHUTTER

SC294497

**CD Exhaust Fans with Shutter** feature a 120V 1-phase totally enclosed permanently lubricated direct drive motor with provisions for hardwired installation. These shutter mounted fans install on inside wall and eliminate the need for external framing. Aluminum blades are enclosed in a sturdy steel spiral wire guard. Note: Rough-in hole size is 1/2" larger than fan blade size. **Multiple Speed Exhaust Fans** come with pull chain. Meets OSHA standards. UL listed. 1 Year Limited Warranty.

# PTAC HEATING & COOLING

PTACs & Accessories are made of heavy duty plastic construction for long lasting durability. The models listed below feature both **heating and cooling capabilities for enhanced versatility**. Optional remote thermostat offers customized control for greater dependability. Sound reduction package ensures quiet operation. Corrosion-resistant fin coating extends operation life for increased reliability. Restart feature automatically resumes operation at previous settings when power is restored for ease of use. Smart Self-Check provides diagnostic points for correction of fault conditions. Uses R410A refrigerant for increased efficiency. Available in a variety of styles. Area coverage, BTUs and energy efficiency ratings vary per model. Meets EPA requirements. 1 Year Full/5 Year Sealed System Limited Warranty.

## PORTABLE ELECTRIC SALAMANDER HEATERS

Salamander Heaters are ideal for use in factories, garages, workshops, and other places where temporary localized heat is needed. Heaters are electric and operate with finned tubular heating elements, allowing them to be left unattended without the threat of combustion byproducts associated with fuel-fired heaters. Tubular steel frame with ergonomic handle allows easy tilt adjustments. Choose from several sizes and heat output levels. One Year Limited Warranty.

## PROPANE & KEROSENE HEATERS

Forced air industrial heaters feature a rugged steel body and heavy duty motor. 120V electronic spark fire igniter fires the spark plug to ignite the fuel air mixture. Heaters are equipped with an air pump that forces air through the mixture line. Auto shut-off if power is interrupted or flame is extinguished. Easy to use, variable heat settings. **Not for use in residential living areas or in inadequately ventilated areas. Proper ventilation required during operation.** One Year Limited Warranty. See website for more details and user's manual.

## FORK MOUNTED DRUM GRAB

SC795332

SC795333

Lift, transport and deposit drums without leaving the seat of the fork truck. Grab mounts easily on the forks with hand tightened lock screws, no tools required. The knuckle gripping system is lowered around the drum, gripped tightly, and then lifted. The weight of the drum holds grab jaws in place to minimize slippage. Drum is automatically released by lowering the forks. Welded steel construction. **Hinged folding arm design** to save storage space. Powder coat yellow finish.

**1500 lb. capacity**

## CARTON SEALING TAPE

Carton Sealing Tape secures boxes, packaging, and other items for various shipping and industrial applications. Acrylic tapes are designed to secure general purpose, light to medium duty packages. Hot Melt tapes support large, bulky, and other heavy duty content. The polypropylene construction is break resistant and performs in a range of temperatures for lasting reliability. Tapes may be used with dispensers for easy application. UV resistant. Available in multiple dimensions and package quantities.

## INDUSTRIAL BENCH/ FLOOR SCALE

This digital shipping scale is ideal for multiple uses and environments. Can be used for weighing, counting or as a system to accept or reject items from production line based on weight. 10"H and removable 37"H posts allow display height adjustment for bench and floor scale use. Hand screw knob on post allows quick post removal. Stainless steel platform measures 16 1/2"W x 20 1/2"L. Plastic display measures 9 3/4"W x 6"H and includes LCD screen displaying six 1"H digits for easy-to-read viewing. Hand screw leveling feet allows quick and easy deck height adjustments up to 7"H. Includes leveling indicator for proper weighing. Operating functions include auto-zero, tare, accumulate and counting. Features auto shutoff with sleep mode function. 115V, AC with built-in rechargeable battery, 6'L power cord. 1 year Limited Warranty.

# MOBILE WHITEBOARDS AND ROOM DIVIDERS

Our Mobile Whiteboards are double sided, providing twice the functional writing space than traditional wall mounted whiteboards. Painted steel surface resists staining and ghosting. 3" casters allow the board to be easily transported from room to room for continued work and use. Use heavy duty magnets to hang notes and reminders. **Mobile Reversible Whiteboards** rotate 360 degrees on a pivot hinge and lock into 3 positions for better viewing. Total height is 71 1/2". Accessory tray keeps markers, erasers, and other accessories in close reach. Neutral color steel powder-coated frame. **Whiteboard Room Dividers** are multi-functional and can double as portable working space or a room divider. This board is perfect for collaborative teamwork and sturdy U-legs make transporting from area to area easy. Panel trim is finished with self-extinguishing extruded polymer that offers optimum safety and rigidity. **Deluxe Room Dividers** include cherry finished wood cap to elevate your room's decor. Various sizes and heights available.

## WALL MOUNT WHITEBOARDS

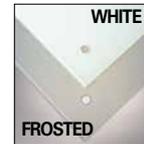

Essential for any workspace, whiteboards are designed to fit your everyday needs at home, work, or school. Available in a variety of surface materials and sizes to accommodate any space. **Painted Steel Whiteboards** offer a magnetic surface, allowing them to double as a bulletin board. **Melamine Whiteboards** are non-magnetic, double sided, and can be reversed to extend use. **Porcelain Whiteboards** are scratch and stain resistant. Frames are made from sturdy aluminum and mount easily. Accessory trays included.

## GLASS MARKER BOARDS

Glass Marker Boards offer all of the benefits of a traditional whiteboard with a contemporary modern look. Durable tempered glass surface allows for smooth writing and will not stain, ghost, or dent. Includes stainless steel standoff hardware - mounting the board 1" from the wall. Glass Dry Erase Boards include a steel backing, allowing the boards to be magnetic. Frosted Glass Dry Erase Boards are non-magnetic and have an aesthetically pleasing translucent color.

## ENCLOSED INDOOR/OUTDOOR BULLETIN BOARD

Bulletin boards are made with the finest quality cork, feature shatter-resistant acrylic windows, and a 2 1/4" D frame with a satin anodized finish. Boards are secured by cylinder locks and full-length piano hinges (two keys included). Available in **Indoor** and **Outdoor** models. Outdoor boards are made with weather-resistant backing with silicone sealant. 1-Year Limited Warranty, on Outdoor boards. 5-Year Limited Warranty on Indoor boards.

## CORKBOARDS

**Cork Bulletin Boards** are made with fine grain, high quality cork that is self-healing and withstands repeated tacking. Under 1/2" thick and lightweight, this thin profile board is not clunky or cumbersome and easy to install. The sturdy aluminum frame includes an easy 4-corner mounting system that allows the board to be mounted vertically or horizontally. Includes all mounting hardware. ISO and TAA compliant.

## PICNIC TABLE UMBRELLAS

Perfect for hotel, restaurant, or residential use, this umbrella is ideal for any outdoor occasion. Made of quality grade, olefin polyester fabric, this umbrella fully opens to 8 1/2 feet to give you plenty of shade. Sturdy powder coated aluminum pole comes in 2 pieces which snap in together for easy assembly. 8 aluminum ribs on the underside keep the umbrella steady in windy conditions. Top air vent provides wind and heat ventilation while crank lever makes it easy to set up and open. Can be used with picnic tables with umbrella hole 1 1/2" or more. **Umbrella Base** adds upright stability for the umbrella. Weighs 30 lbs and is made of powder coated cast iron providing durability against any weather condition. Ideal for use with picnic tables.

# THERMOPLASTIC COATED METAL PICNIC TABLES & BENCHES

Heavy gauge metal picnic tables and benches are ideal for seating areas in parks, campuses, snack bars and more. Protective coating creates a smooth, high-gloss surface that stays cool to the touch for comfortable seating even in the sun. Thermoplastic coating resists fading, mold and vandalism, and will ensure maintenance-free durability through years of high-traffic usage. Rugged galvanized tubular steel frame is shielded with a black powder coat finish for rust-prevention and resilience against the elements. Bench and table corners are beveled for safety. **7 Year Limited Warranty.** Tabletops include a 2" diameter opening to accept an umbrella pole.

# INTERION® OFFICE PARTITIONS WITH MODULAR WIRE MANAGEMENT RACEWAY

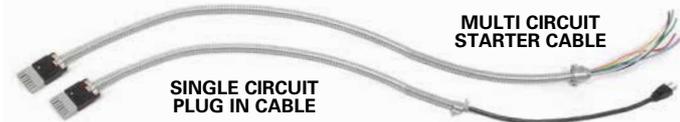

Raceway partitions create private offices and cubicles with built-in power options for computers and other electric equipment. Raceways provide convenient access for data cables & electrical wiring to keep office spaces clean and clear of visible wires. Panel is flame retardant to meet California 117 flammability standard. 1 3/4" thick fabric upholstered panels feature an interior engineered wood (MDF) frame and honeycomb core covered with heavy tackable liner for structural strength. 4"H charcoal powder coated steel raceways include UL approved modular electric components and cable management openings for phone & data connectors. Removable, hinged raceway covers allow easy wiring access. Includes adjustable leveling feet for uneven surfaces. 1 Year Limited Warranty. See our website for matching furniture and wood accent cap options. All panel models available with window or whiteboard option.

PANEL WITH ELECTRIC RACEWAY INCLUDES DOUBLE SIDED POWER BOXES

PASS-THRU CABLE

MULTI CIRCUIT PLUG IN CABLE

## STEP 1 – PARTITIONS

Electric and non-electric panels can be connected together to place power where you need it. **Non-Electric Panels** include a basic raceway without cabling. **Pass-Thru Panels** include raceways with cables to connect to panels. **Panels with Electric Raceways** include built-in double-sided power box, four circuit 1 receptacles, and modular cables. Each power box can accept up to 6 receptacles; 3 per side (additional receptacles sold separately). Use included **Blanks** to cover unused openings. **36" W Electric Panel** includes one double-sided power box. **48" & 60" W Electric Panels** include 2 double-sided power boxes.

Add color suffix: Gray (GY) or Blue (BL).

## STEP 3 – CABLES AND RECEPTACLES

**Starter Cable** (Multiple Circuits, 80 receptacles max.) must be installed to a junction box for a power source. Cable pre-wired for 1-4 circuits. **Plug In Cable** (Single Circuit) easily plugs into existing wall outlets for power. 20 AMP (20 receptacles max.) 115 volt plug. Additional circuit 1, 2, 3 (Isolated Ground) & 4 receptacles available in packages of four. **Receptacle Removal Tool** is required when removing receptacles from power box.

# INTERION® MOBILE OFFICE PARTITIONS & ROOM DIVIDERS

**Mobile Partition Panels** allow you to divide a work area in any office or commercial setting. Mobile Panels sit atop steel T-legs on sturdy 3" swivel casters (all locking) that provide full mobility and allow easy transport from area to area. Panel trims are finished with self-extinguishing extruded polymer that offer optimum safety and rigidity. Each **Fabric Panel** is upholstered on both sides with tackable, flame retardant fabric that meets the California 117 flammability standard. Panels are 1 3/4" thick and feature an interior engineered wood (MDF) frame and honeycomb core for structural strength and support. **Deluxe Panels** feature a wood cap trim with cherry finish. **Mobile Panels** with windows include a 5mm thick translucent polycarbonate inset which allows light while maintaining privacy, bringing an elegant and upscale look to any office space. The panels are available with partial window or full windows. **Mobile Whiteboards** are multi-functional and can double as portable working space or a room divider. This panel is easily transported from area to area making it perfect for collaborative teamwork. Painted steel surface allows you to write smoothly with no ghosting. Use heavy duty magnets to hang notes, ideas, and reminders. All mobile panels coordinate beautifully with Interion's complete line of office partition panels. 1 Year Limited Warranty. **Add color suffix Gray (GY) or Blue (BL).**

## INTERION® FREESTANDING OFFICE PARTITIONS

DELUXE  
W/FULL  
WINDOW

STANDARD

DURABLE  
STEEL  
T-LEGS

**Freestanding Office Partitions** are made with steel T-legs to ensure stability and allow easy rearranging. Panels are made using 13/4" thick fabric upholstery with an MDF frame and honeycomb core covered with heavy tackable liner. Panel trim is finished with self-extinguishing extruded polymer for optimum safety and rigidity. Panels are flame-retardant to meet the California 117 flammability standard. **Deluxe** models feature a wood cap trim with cherry finish. Both **Standard** and **Deluxe** models are available with **Full Window** or **Partial Window**. Windows are made of translucent polycarbonate with a wave pattern to allow light penetration while still maintaining privacy. Add color suffix: **Gray (GY)** or **Blue (BL)**.

LCD ANGLE TOP

Cabinets provide computer security, with a compact-profile build to fit easily on desks or countertops. LCD, LCD angle, and CRT versions feature locking monitor enclosures with removable break-resistant acrylic window and locking keyboard/mouse drawer. The Fold-Out version includes locking adjustable storage shelves that fold out and stay open with magnetic stops. It also includes dedicated locking storage for a desktop PC, with front and rear access doors for convenience. The work surface allows for a standard keyboard and features extending left and right mouse trays. Optional dual-sided 4-outlet power strip provides power internally and externally. All cabinets are vented to dissipate heat but additional dissipation can be provided via optional fan kits. LCD cabinet measures 24 $\frac{1}{2}$ "W x 22 $\frac{1}{2}$ "D x 29 $\frac{1}{2}$ "H overall and features a sloped writing surface. CRT cabinet measures 24 $\frac{1}{2}$ "W x 22 $\frac{1}{2}$ "D x 27 $\frac{1}{8}$ "H overall. Angled LCD cabinet measures 24 $\frac{1}{2}$ "W x 22 $\frac{3}{8}$ "D x 22 $\frac{1}{4}$ "H. Fold out cabinet measures 24 $\frac{1}{2}$ "W x 22 $\frac{1}{2}$ "D x 29 $\frac{3}{4}$ "H overall. Available in 4 durable powder coat finishes. Fold-Out style available in Black or Blue only.

**Secure steel cabinet prevents data theft and vandalism by limiting access to computer, monitor, and keyboard.** Choose the full volume cabinet that can fit LCD and CRT monitors or the console version with an angled LCD monitor window for ergonomic viewing. Both fit monitors up to 21" and have break-resistant acrylic windows which are removable. Slide-out locking keyboard drawer and adjustable height lower compartment shelf extend fully on ball bearing slides. Lower compartment has locking front and rear access doors. Top and bottom compartments are louvered to reduce heat build up and include convenient cable management ports. Optional CPU side car, sliding mouse tray, and folding shelves are available. Optional fan with 5' power cord reduces heat build-up. Order one fan each for upper, lower, and side car compartments. Assembles easily. Available in 4 durable powder coat finishes.

## MOBILE FOLD-OUT COMPUTER SECURITY CABINET

Designed with maximizing storage and security in mind! This Mobile Fold-Out Computer Security Cabinet features two fold-out storage compartments that also double as a locking security enclosure. Each storage compartment has an adjustable shelf. Powerful magnetic stops hold the compartments in place when opened. Opening the compartments reveals your monitor and work surface with ample space for a keyboard (up to 21" max height). The monitor space allows for LCD monitors up to 24" diagonal. Also featured are both left and right retractable mouse trays. The middle cabinet comes with front and rear locking doors for ultimate convenience and is large enough to fit most desktop PC's. The bottom cabinet also incorporates a front a rear locking door as well as a height-adjustable shelf for peripherals or other items. The cabinet moves on 4 industrial swivel casters (2 with brakes). Optional accessories include cooling fans, as well as a dual-sided power outlet which provides power to both inside & outside of cabinet. Other accessories are also available. All locks are keyed alike for convenience. Powder coated steel finish. Easy assembly.

OPTIONAL CASTER BASE  
PROVIDES MOBILITY

Our Heavy-Duty 16 gauge steel-reinforced LAN Stations feature a 30"D, 29"H, 1 1/8" thick plastic laminate work surface to handle even the largest monitors, leaving plenty of workspace. Includes **Two 18"D upper shelves** that are height adjustable on 2" increments. 27"D lower shelf is ideal for housing multiple servers. All shelves are 3/4" thick plastic laminate. 24"W upper shelves support up to 235 lbs. each, 48"-72"W up to 350 lbs. each and up to 500 lbs. each for the 96"W. Each unit offers triple-leg support (dual leg on 24" unit) with four lateral braces for added stability. Includes **two Vertical Cable Management Channels** that attach to any leg to neatly organize and keep all cables out of the way. Add the caster base with 3" swivel casters for easy office mobility. Optional LCD Tracks are height adjustable on 2" increments to securely mount flat panel monitors to LAN station at the ideal viewing height. Includes 2 monitor mounts that swivel 180 degrees. Gray powder coat finish. Assembles easily.

Organize and secure valuable tools, parts, or assemblies with these all welded steel cabinets. Super strong drawers hold **400 lbs.**, open easily on side mounted tracks, and lock with an individually keyed central cylinder lock. Drawers maximize storage space with full height sides, open 100% for full access, and feature full width handles for better grip and flush, catch-free front. Usable drawer height is 1" less than drawer front height. Sturdy cabinets have a reinforced base, are stackable, permit forklift access with a 2" front opening, and feature a durable baked enamel finish. Optional dividers are not included. **Add color suffix: Beige (BG), Blue (BL), and Gray (GY).**

**Optional drawer dividers (gray only) sold separately.** To order, add suffix: **A** for 30"W cabinets, **B** for 36"W cabinets, or **C** for 48"W cabinets.

# MULTIPURPOSE SECURITY WORKBENCH

Secure supplies and tools with these sturdy workbenches with independently locking drawers and cabinets. All welded drawer pedestals have full width aluminum drawer handles and nylon drawer rollers for smooth opening. **Drawers** measure 13"W x 17<sup>3</sup>/<sub>4</sub>"D and are available in 2 different heights: 5<sup>1</sup>/<sub>2</sub>"H and 12"H. **Cabinets** have locking doors and adjustable shelf. Pedestals measure 15<sup>3</sup>/<sub>4</sub>"W x 20"D x 32"H and can be arranged to suit your needs. Durable gray powder coat finish. Choose from 3 bench tops: **Maple Butcher Block** (1<sup>3</sup>/<sub>4</sub>" thick), **Plastic Laminate** (1<sup>5</sup>/<sub>8</sub>" thick), or **Shop Top** (1<sup>3</sup>/<sub>4</sub>" thick). Easy assembly.

# MODULAR WORKBENCHES

Modular workbenches are the ideal choice for craftsmen. Quality heavy gauge steel construction throughout. Four different top choices and seven different configurations make it easy to find the right bench for the job. All welded, locking steel pedestals have nylon roller drawers that roll smoothly even when full. All benches are 34" H. Optional Power Riser or Apron Power Center available to provide electricity to the workbench. All pedestals are 15"W x 24"D x 32"H. Finished in durable gray baked enamel.

**APRON POWER CENTER**  
42" wide steel panel. Includes circuit breaker with 8 grounded outlets, pilot light, 8 ft. grounded cord, and plug. Fits 72" benches, except style F. 15 amps, 115V.  
Model **SC752338** \$124.00

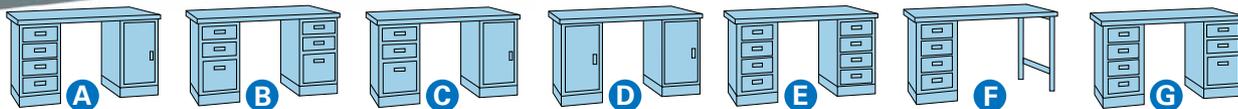

**FOUR DRAWER PEDESTAL**-Four box drawers 13 1/2"W x 22 5/8"D x 6 3/4"H each. Recessed handles, with central lock.

**THREE DRAWER PEDESTAL**-Two box drawers 13 1/2"W x 22 5/8"D x 6 3/4"H and one 13 1/2"W x 23 1/2"D x 11 1/2"H. Recessed handles and central lock.

**CABINET PEDESTAL**-13 1/2"W x 23 1/2"D. Three point locking handle. Includes one adjustable shelf. Perfect for storing large items.

**POWER RISER.** 18"H x 15"D. Includes eight grounded outlets wiring kit, circuit breaker, pilot light, 8 ft. grounded cord and plug. 15 amps, 115V.

## POWER LEG WORKBENCH WITH POWER APRON

**MODEL SC778460 BENCH WITH OPTIONAL RISER/POWER CENTER, BENCH POWER CENTER AND DRAWER**

Self-contained electronic workstation offers unequalled versatility and economy for precision fabricating and assembly work. Designed for labs, cleaning stations, electronic assemblers, technicians, etc. Bench riser with power center adds storage space, keeps work surface clear and uncluttered, and puts electrical power at your fingertips. Sliding drawer is handy for tools, supplies, and other small items. Panel legs provide rigid stability. Bench height, 34". Easy assembly.

**BENCH RISER/POWER CENTER.** 18"H x 15"D, includes 8 grounded outlets, wiring kit with circuit breaker, switch-pilot light, 8' grounded cord, and plug. 115 volts.

Model	Size"	Price
SC254753C	60	\$171.00
SC254754C	72	193.00
SC254755C	96	259.00

**BENCH DRAWER.** 18"W x 24"D x 5 1/4"H  
SC606964A \$79.00

**KEYED PADLOCK** SC432248A \$6.00

Choose the top that best fits the job...**Plastic Laminate** top resists weak acids, alkalis, moisture, oils, and solvents. Tough, non-conductive **Shop Top** top is ruggedly constructed of tempered hardboard bonded to a solid wood core...won't warp or splinter. **Maple Butcher Block** top is ideal for applications where heavy loading and extreme surface abuse occur. **ESD** white plastic top prevents damage to sensitive electronic circuitry. Complies with MIL-B81705B and 101B, 101C, Method 4046. **Select standard square edge or full radius rolled safety edge to help you work more comfortably.**

# PREMIUM MODULAR WORKBENCH

## Superior Quality For Years Of Dependability!

Premium quality modular workbenches allow you to choose the bench that best fits your needs. Strong, all welded steel construction is tough enough for any application. Choose from seven pedestal configurations plus eight top styles. Inside drawer dimensions are 13"W x 17<sup>3</sup>/<sub>4</sub>"D x 5<sup>1</sup>/<sub>2</sub>"H (12"H for the lower drawer on the three drawer pedestal). Cabinet pedestal features adjustable shelf and cylinder lock. Pedestal dimensions are 15<sup>3</sup>/<sub>4</sub>"W x 20"D x 32"H.

Drawers glide on nylon rollers and feature full-length aluminum pulls and individual cylinder locks.

## ANTI-STATIC WORKSURFACE MATS

- Excellent for use in assembly operations where matting may come in contact with hot soldering iron tips or solder splashes
- Volume electrical properties protect static sensitive products
- Static dissipative top layer with a conductive bottom of synthetic rubber
- Slight stipple finish, RTT: 10E8 ohms, Thickness: 0.078", Blue color
- Includes one installed 10mm snap socket
- **Optional Hardware Kit** includes: wrist strap, common point ground and mat hardware kit to ground workers for safety

# VERSATILE, DURABLE WORKBENCHES...UNBEATABLE PERFORMANCE

*A Good Bench Creates A Good Worker!*

Steel open leg frames feature 2 electrical knockouts that accept installation of duplex outlets for electrical wiring or optional plug-in outlet that easily screws in place with no wiring necessary. 3"W steel legs with channel construction for extra strength. These industrial workbenches include a full width lateral brace for added reinforcement. Legs and stringer are finished in gray baked enamel for rust and scratch resistance. **Height Adjustable Legs** adjust from 27<sup>7</sup>/<sub>8</sub>" to 35<sup>1</sup>/<sub>2</sub>"H at 1<sup>1</sup>/<sub>2</sub>" increments for proper work height positioning for any user. Our bench top selection is perfect for any environment!

## PLASTIC TOP Super Strong...Easy Clean

High pressure plastic laminate with wood-core withstands heavy abuse. Provides a smooth, tough work surface for any application. 1<sup>5</sup>/<sub>8</sub>" thick, light gray plastic top.

DUAL SIDED  
OUTLET

# SHOP TOP *Non-Conductive, Non-Warping*

One of the toughest industrial tops available. Shop Top bench top protects against static build-up and won't warp or split. Shop top is faced on two sides with 3/8" thick high grade, high density particleboard sealed with a catalyzed finish to resist liquids. Strong MDF core. Choose between 1 1/2" thick Square Edge or 1 3/4" thick Safety Edge.

# MOBILE PEDESTAL COMPUTER WORKBENCH

Description	Model	Price
Optional Fan Kit (115V)	SC249189	\$71.00

Mobile pedestal computer workbench provides ease of transport for your workbench where you need it. Can be used as a repair station as well as a computer work center. Built with two steel pedestal cabinets with locks that limit theft and provide access to valuables, computer peripherals, and keyboards. Interior pedestal compartments measure 20 3/4"W x 21"D x 23 1/4"H. Optional fan with 5" power cord reduces heat buildup. One fan can be placed in each pedestal compartment. Height adjustable roll out shelves extend fully on steel ball bearing suspensions. Roll out shelf is height adjustable in 2 1/4" increments. Available in Maple, ESD, Plastic Laminate, and Shop Top. Comes in Black or Blue with four 5" swivel casters (2 locking).
